AUDIT REPORT

September 2019

BACKGROUND

As required by The University of Texas (UT) System Board of Regents' (Regents) *Rules and Regulations*, Series 20205, titled "Expenditures for Travel and Entertainment by Chief Administrators and for the Maintenance of University Residences" (Rule 20205), the UT System Audit Office has completed the audit of presidential travel, entertainment, and university residence maintenance expenses. Guidance for these expenses is provided by various state laws, rules and regulations promulgated under those laws, and UT System and institutional travel and entertainment policies and procedures including, but not limited to, Rule 20205. While each of the institutional presidents is subject to the annual audit, substantive testing of their expenses is determined on a year-to-year basis. This assessment is made based both on analysis of risk and an element of rotation to ensure audit coverage of all presidents every two years. In addition, expenses will be audited by the first full fiscal year after a new president assumes office.

AUDIT OBJECTIVE

The specific objective of this audit at UT Tyler was to determine whether travel and entertainment expenses incurred by the president and his spouse were appropriate, accurate, and in compliance with applicable institutional policies and Regents' *Rules and Regulations*.

SCOPE AND METHODOLOGY

The scope of this audit included expenses incurred from March 1, 2018 through February 28, 2019. UT Tyler does not have university residence maintenance expenses.

The audit methodology consisted of reviewing applicable institutional policies and procedures and assessing internal controls. In addition, substantive testing was performed on a sample of travel and entertainment expenses. The audit was conducted in accordance with the guidelines set forth in The Institute of Internal Auditors' *International Standards for the Professional Practice of Internal Auditing*.

AUDIT RESULTS & CONCLUSION

Overall, the travel and entertainment expenses incurred by the president and his spouse appeared appropriate, accurate, and in compliance with applicable institutional policies and Regents' *Rules and Regulations*. Adequate internal controls are in place and functioning as intended. Minor items were separately communicated to management.
