

Finding In-Network Providers

Unparalleled Provider Network

Superior Vision has one of the nations broadest provider network, consisting of ophthalmologists, optometrists, and national and regional optical chain locations. Finding the right eye care provider for you is easy.

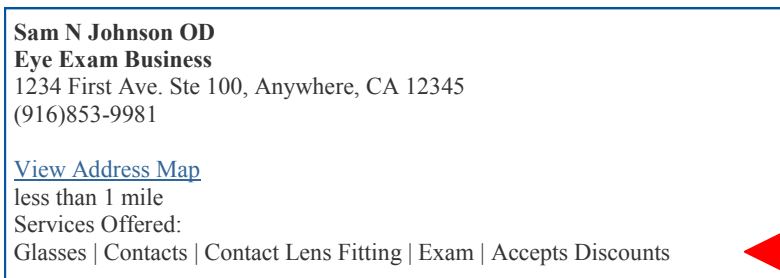

1. Login to SuperiorVision.com. Enter your zip code in the Locate an Eye Care Provider box.

You may also click the Advanced Search link to find a provider by entering the zip code and either the provider's name or practice name. From the Advanced Search, you can also select the mile radius in which you would like the search to take place. Click "Search."

The screenshot shows the Superior Vision website interface. At the top, there is a navigation menu with links for Home, Members, Providers, Benefits Managers, Brokers, and Learning Center. A search bar is located in the top right corner. The main content area features a large blue box titled "Locate a Provider" with the text "Enter a city or ZIP code to locate an eye care provider." Below this text is a search input field and a green "Locate" button. A red arrow points to the "Locate" button. Below the main content area, there are four columns of links: Members, Providers, Benefits Managers, and Brokers, each with a list of related actions.

2. Review the list of eye care providers, and choose a provider. Make sure to review the services offered and the provider's acceptance of discounts.

The screenshot shows a provider listing for Sam N Johnson OD, Eye Exam Business. The listing includes the address: 1234 First Ave. Ste 100, Anywhere, CA 12345, and the phone number: (916)853-9981. There is a link to "View Address Map" and a note that the provider is "less than 1 mile" away. The services offered are listed as: Glasses | Contacts | Contact Lens Fitting | Exam | Accepts Discounts. A red arrow points to the "Accepts Discounts" text.

Not all providers at each office or optical store location are network providers, so make sure to verify provider participation before you schedule your appointment.
