### Prescription Drugs

Coverage administered by Express Scripts, Inc. You can get a 90-day supply of maintenance medication at Walgreens or a UT pharmacy for the same copayment as home delivery. Savings and convenience!

### Specialty Medications

Accredo and UT specialty pharmacies are the exclusive providers of specialty medications.

### Your Copayment

UT SELECT Medicare Part D has a three-level copayment structure on prescription drugs. Under this structure, members pay the lowest copayment for generic drugs, a mid-level copayment for brand name medications on the preferred list, and a higher copayment for brand-name drugs that are not on the preferred list.

### Deductible

Each plan year (September – August), each covered individual must pay the first $100 in drug costs. After the $100 annual deductible is reached, members are responsible for the copayments listed above. However, if a Brand Name drug is requested when there is a Generic alternative, the member must pay the difference between the cost of the Brand Name drug and the Generic drug plus the applicable Generic copayment.

### Out of Pocket Maximum (OOP)

Your annual OOP max is shared with your medical plan for a total of $8,150/individual, $16,300/family. The annual OOP max is based on the combined accumulation of medical and prescription drug deductibles, copayments and coinsurance.

### Excluded

Participants are responsible for the full cost of drugs used in the treatment of excluded services under the UT SELECT Medicare Part D plan. The non-preferred copayment will not apply.
