How to fill a prescription at a network pharmacy, including a participating UT pharmacy

To fill your prescription at a network retail pharmacy (including a participating UT pharmacy), you must show your member ID card. If you do not have your member ID card with you when you are at the pharmacy, you should ask the pharmacist to use Medicare’s inquiry system to check your eligibility and membership status with your plan. If the pharmacy is unable to confirm your eligibility, you will have to pay the full cost of the prescription (rather than just paying your copayment or coinsurance). You can request reimbursement of the plan’s share of the cost by submitting a paper claim to Express Scripts Medicare. You can get a paper claim form by visiting our website or by calling Customer Service.

How to fill a prescription through our home delivery pharmacy service, Express Scripts® Pharmacy

You can use Express Scripts® Pharmacy, our home delivery pharmacy service, to fill prescriptions for most drugs on the Drug List. Home delivery is most appropriate for drugs that you take on a regular basis for a chronic or long-term medical condition. Usually, a home delivery pharmacy order from Express Scripts® Pharmacy will get to you within 10 days. Some drugs that cannot be purchased through our home delivery service include medications with limited distribution and compound medications. It’s also more appropriate to use a network retail pharmacy for drugs used for a short period of time (1 month or less) and drugs needed immediately for the treatment of a severe medical condition.

This plan may also provide coverage for specialty medications. If you require specialty medications to treat complex conditions, such as cancer, hepatitis C, hemophilia and multiple sclerosis, and want to use home delivery, consider asking your prescriber to send those prescriptions directly to Accredo, the Express Scripts specialty pharmacy. For more information, please have your prescriber visit www.accredo.com for referral forms, contact information by therapy and e-prescribing instructions.

See the following page for instructions for filling a prescription using our home delivery service by mail, electronically and fax. To get order forms and information, please visit our website or call Customer Service. Please note that you must use an in-network home delivery pharmacy. Prescription drugs that you get through any out-of-network home delivery pharmacies may not be covered. If your doctor sends us a prescription on your behalf, Express Scripts Medicare may contact you to see if you want the medication filled and shipped immediately. If you receive a prescription by mail that you don’t want, and you weren’t contacted to see if you wanted it before it shipped, contact Customer Service because you may be eligible for a refund.

To fill a prescription through Express Scripts® Pharmacy by mail:

1. Ask your doctor to write a new prescription for up to a 90-day supply of medication, plus refills (as appropriate).
2. Complete a home delivery order form. Choose a convenient payment method. You may pay by check, money order, major credit or debit card, MasterPass, or PayPal. If you prefer to pay by credit or debit card, you may also want to join our automatic payment program by simply keeping your credit or debit card information on file with us.
3. Mail the new prescription(s), along with a completed home delivery order form and the appropriate payment.
4. To obtain home delivery forms, or if you have questions, please call Customer Service. You can also access home delivery order forms online at **express-scripts.com**.

To fill a prescription through Express Scripts® Pharmacy electronically or by fax:

2. If your doctor needs instructions on faxing your prescription to our home delivery pharmacy, ask him/her to call **1.888.327.9791**.
3. Your doctor can send your prescription electronically to Express Scripts® Pharmacy or fax it to **1.800.837.0959**.
