QUARTERLY REPORTING - SYSTEM OFFICE AND SYSTEM INITIATIVES

EXPENDITURE AMOUNTS TO DATE

Expenditure amounts to date for The University of Texas System Administration (U. T. System Administration) reflects information from September 1, 2018, to April 30, 2019.

Information reported in both System Office Operations and System Initiatives includes Available University Fund (AUF) support and maintenance allocations along with other sources of funds labeled as “institutional funds”. Amounts reported as institutional funds reflect expenditures from sources other than the AUF and include revolving funds expended related to operations, with the exception of claims and related costs for insurance funds managed by U. T. System Administration. The revolving funds presented would normally be eliminated as part of the annual financial report (AFR) preparation process and represent a difference in presentation between this analysis and amounts in the AFR. There may be additional differences between the AFR and this report for activities (e.g. the Lone Star Stroke network) which are not related to System Office Operations or System Initiatives and are not funded with AUF appropriations.

For a detailed description of the purpose and authority for each reported activity, please refer to the AUF report or the annual AUF additional reporting requirements.

UPDATED AUF ALLOCATIONS TO SYSTEM OFFICE OPERATIONS AND SYSTEM INITIATIVES

Updated AUF allocations to date reflect information from September 1, 2018, to April 30, 2019.
