University of Texas System Investment Disclosure

Does the institution employ outside investment advisors or managers and, if so, who are they (provide individual or firm name and address)? Do the outside investment advisors or managers have the authority to make investment decisions without obtaining prior approval? NOTE: Institutions should include all consultants and “separately managed account” portfolio managers (in which the underlying investments are wholly owned by the institution) in this disclosure.

The University of Texas/Texas A&M Investment Management Company (“UTIMCO”) is the sole investment advisor of the Board of Regents of The University of Texas System.

UTIMCO

Does the institution use soft dollar, directed brokerage or directed commission, commission recapture, or similar arrangements (these arrangements typically involve using brokerage commissions as a means of paying for other related investment services through credits of a portion of brokerage commissions paid rather than through direct payments, or using selected brokers who will rebate a portion of commissions they receive on trades for the investor)? If the answer to this question is yes, the institution must summarize briefly the guidelines that govern the use of such arrangements.

Yes. Guidelines summarized in link below:
