Annual Eligibility Notice for Retirement Plans

You are receiving this message from the Office of Employee Benefits (OEB) because you are eligible to participate in the voluntary retirement savings plans available through your UT employer.

Did you know that The University of Texas System sponsors two voluntary retirement savings plans to help you save for your future?

You can enroll in either the **UTSaver 403(b)** or the **UTSaver 457(b)** at any time, but now is a great time to start saving a little bit each month or change the amount you currently save.

Why would you want to participate?

If you participate in either the Teacher Retirement System or, if eligible, the Optional Retirement Program, that participation alone may not be enough to fund your living expenses in retirement.

How much can you contribute?

As little as \$15 a month or as much as \$18,500 in 2018, or more if you are age 50 or older or if you meet special catch up qualifications.

How do you contribute?

The amount is deducted on a pre-tax basis from your paycheck, which means the taxable amount of your paycheck decreases. You also have the option in the UTSaver 403(b) to make your contributions on an after-tax basis through the Roth feature. Either way, once you enroll your contribution will automatically be deducted from your paycheck until you decide to change the amount.

How do you enroll or change your contributions in the UTSaver Retirement Plans?

Enrollment instructions are available at www.utretirement.utsystem.edu/

How do you learn more about the retirement plans and saving for your future?

By visiting www.utretirement.utsystem.edu, or by contacting your **local benefits office**.
