SECTION 1
INTRODUCTION

1.1 Description of The University of Texas System

For more than 130 years, The University of Texas System has been committed to improving the lives of Texans and people all over the world through education, research and health care.

The University of Texas System is one of the nation’s largest systems of higher education, with 14 institutions that educate more than 230,000 students. Each year, UT institutions award more than one-third of all undergraduate degrees in Texas and almost two-thirds of all health professional degrees. With about 20,000 faculty – including Nobel laureates – and more than 80,000 health care professionals, researchers, student advisors and support staff, the UT System is one of the largest employers in the state.

Life-changing research and invention of new technologies at UT institutions places the UT System among the top 10 “World’s Most Innovative Universities,” according to Reuters. The UT System ranks eighth in the nation in patent applications, and because of the high caliber of scientific research conducted at UT institutions, the UT System is ranked No. 1 in Texas and No. 3 in the nation in federal research expenditures.

In addition, the UT System is home to three of the nation’s National Cancer Institute Cancer Centers – UT MD Anderson, UT Southwestern and UT Health Science Center-San Antonio – which must meet rigorous criteria for world-class programs in cancer research. And the UT System is the only System in the country to have four Clinical and Translational Science Awards (CTSA) from the National Institutes of Health.

Transformational initiatives implemented over the past several years have cemented UT as a national leader in higher education, including the expansion of educational opportunities in South Texas with the opening of The University of Texas Rio Grande Valley in 2015. And UT was the only system of higher education in the nation that established not one, but two new medical schools in 2016 at The University of Texas at Austin and UT Rio Grande Valley.

University of Texas institutions are setting the standard for excellence in higher education and will continue to do so thanks to our generous donors and the leadership of the Chancellor, Board of Regents and UT presidents.

1.2 Background and Special Circumstances

The purpose of this RFP is to select multiple Contractors who specialize in the area of disaster recovery documentation services to assist UT System Institutions in the event of a federally declared disaster which makes the Institution(s) eligible for federal reimbursement. The agreements resulting from this RFP will not be used until necessary. Contractors will work with the UT System Office of Risk Management.

1.3 Objective of Request for Proposal
The University of Texas System is soliciting proposals in response to this Request for Proposal No.720-1924 (this “RFP”), from qualified vendors to provide disaster recovery services (the “Services”) more specifically described in Section 5 of this RFP.

1.4 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by §61.003, Education Code) to use the group purchasing procurement method (ref. §§51.9335, 73.115, and 74.008, Education Code). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System (UT System), which is comprised of fourteen institutions described at http://www.utsystem.edu/institutions. UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP. Any purchases made by other institutions based on this RFP will be the sole responsibility of those institutions.
SECTION 2

Proposer is encouraged to propose terms and conditions offering the maximum benefit to University in terms of (1) service, (2) total overall cost, and (3) project management expertise.

The evaluation of proposals and the selection of Contractor will be based on the information provided in the proposal. University may consider additional information if University determines the information is relevant.

2.5 Historically Underutilized Businesses

2.5.1 All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (each a “HUB”) in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any of the Services, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this Section 2.5 will constitute a material failure to comply with advertised specifications and will be rejected by University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by Proposer is subject to review by University to ensure compliance with the HUB program.

2.5.2 University has reviewed this RFP in accordance with Title 34, Texas Administrative Code, Section 20.285, and has determined that subcontracting opportunities (HUB and/or Non-HUB) are probable under this RFP. The HUB participation goal for this RFP is ____%.

2.5.3 A HUB Subcontracting Plan (“HSP”) is required as part of, but submitted separately from, Proposer’s proposal. The HSP will be developed and administered in accordance with University’s Policy on Utilization of Historically Underutilized Businesses and incorporated for all purposes.

Each Proposer, whether self-performing or planning to subcontract, must complete and return the HSP in accordance with the terms and conditions of this RFP. Proposers that fail to do so will be considered non-responsive to this RFP in accordance with §2161.252, Government Code.

Questions regarding the HSP may be directed to:

Contact: Kyle Hayes
HUB Coordinator
Phone: 512-322-3745
Email: khayes@utsystem.edu

Contractor will not be permitted to change its HSP after the deadline submittal date unless:
(1) Contractor completes a new HSP, setting forth all modifications requested by Contractor,
(2) Contractor provides the modified HSP to University,
(3) University HUB Program Office approves the modified HSP in writing, and
(4) all agreements resulting from this RFP are amended in writing to conform to the modified HSP.

Instructions on completing an HSP

Proposer must visit https://www.utsystem.edu/offices/historically-underutilized-business/hub-forms to download the most appropriate HUB Subcontracting Plan (HSP) / Exhibit H form for use with this Request for Proposal. Proposer will find, on the HUB Forms webpage, a link to “Guide to Selecting the Appropriate HSP Option”. Click on this link and read the Guide first before selecting an HSP Option. Proposer shall select, from the four (4) Options available, the Option that is most applicable to Proposer's
subcontracting intentions. These forms are in fillable PDF format and must be downloaded and opened with Adobe Acrobat / Reader to utilize the fillable function. If Proposer has any questions regarding which Option to use, Proposer shall submit the question via Bonfire portal.

Proposer must complete the HSP, then print, sign and scan all pages of the HSP Option selected, with additional support documentation*, and submit via Bonfire portal. NOTE: signatures must be “wet” signatures. Digital signatures are not acceptable.

Any proposal submitted in response to this RFP that does not have a corresponding HSP meeting the above requirements may be rejected by University and returned to Proposer as non-responsive due to material failure to comply with advertised specifications.

Each Proposer’s HSP will be evaluated for completeness and compliance prior to opening the proposal to confirm Proposer compliance with HSP rules and standards. Proposer’s failure to submit one (1) completed and signed HUB Subcontracting Plan to the Bonfire portal may result in University’s rejection of the proposal as non-responsive due to material failure to comply with advertised specifications.

*If Proposer’s submitted HSP refers to specific page(s) / Sections(s) of Proposer’s proposal that explain how Proposer will perform entire contract with its own equipment, supplies, materials and/or employees, Proposer must submit copies of those pages with the HSP sent to the Bonfire Portal. In addition, all solicitation emails to potential subcontractors must be included as backup documentation to the Proposer's HSP to demonstrate Good Faith Effort. Failure to do so will slow the evaluation process and may result in DISQUALIFICATION.

2.6 Pre-Proposal Call

University will hold a pre-proposal call at 10:30 a.m. / p.m., Central Standard Time on August 1, 2019. The pre proposal conference will allow all Proposers an opportunity to ask University’s representatives relevant questions and clarify provisions of this RFP.

Call-in number: (877)226-9790

Participant Code: 6269693#
SECTION 3

SUBMISSION OF PROPOSAL

3.1 Proposal Validity Period

Each proposal must state that it will remain valid for University’s acceptance for a minimum of one hundred and twenty (120) days after the Submittal Deadline, to allow time for evaluation, selection, and any unforeseen delays.

3.2 Terms and Conditions

3.2.1 Proposer must comply with the requirements and specifications contained in this RFP, including the Agreement (ref. APPENDIX TWO), the Notice to Proposer (ref. Section 2 of this RFP), Proposal Requirements (ref. APPENDIX ONE) and the Specifications and Additional Questions (ref. Section 5 of this RFP). If there is a conflict among the provisions in this RFP, the provision requiring Proposer to supply the better quality or greater quantity of services will prevail, or if such conflict does not involve quality or quantity, then interpretation will be in the following order of precedence:

3.2.1.1. Specifications and Additional Questions (ref. Section 5 of this RFP);

3.2.1.2. Agreement (ref. Section 4 and APPENDIX TWO);

3.2.1.3. Proposal Requirements (ref. APPENDIX ONE);

3.2.1.4. Notice to Proposers (ref. Section 2 of this RFP).
SECTION 4

GENERAL TERMS AND CONDITIONS

The terms and conditions contained in the attached Agreement (ref. APPENDIX TWO) or, in the sole discretion of University, terms and conditions substantially similar to those contained in the Agreement, will constitute and govern any agreement that results from this RFP. If Proposer takes exception to any terms or conditions set forth in the Agreement, Proposer will submit redlined APPENDIX TWO as part of its proposal in accordance with Section 5.3.1 of this RFP. Proposer’s exceptions will be reviewed by University and may result in disqualification of Proposer’s proposal as non-responsive to this RFP. If Proposer’s exceptions do not result in disqualification of Proposer’s proposal, then University may consider Proposer’s exceptions when University evaluates the Proposer’s proposal.

 SECTION 1

GENERAL INFORMATION

1.1 Purpose

University is soliciting competitive sealed proposals from Proposers having suitable qualifications and experience providing services in accordance with the terms, conditions and requirements set forth in this RFP. This RFP provides sufficient information for interested parties to prepare and submit proposals for consideration by University.

By submitting a proposal, Proposer certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of the services to be performed, the detailed requirements of the services to be provided, and the conditions under which such services are to be performed. Proposer also certifies that it understands that all costs relating to preparing a response to this RFP will be the sole responsibility of the Proposer.

PROPOSER IS CAUTIONED TO READ THE INFORMATION CONTAINED IN THIS RFP CAREFULLY AND TO SUBMIT A COMPLETE RESPONSE TO ALL REQUIREMENTS AND QUESTIONS AS DIRECTED.

1.2 Inquiries and Interpretations

University may in its sole discretion respond in writing to written inquiries concerning this RFP and mail its response as an Addendum to all parties recorded by University as having received a copy of this RFP. Only University’s responses that are made by formal written Addenda will be binding on University. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by University prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. Section 4 of APPENDIX ONE). The Addenda Checklist must be received by University prior to the Submittal Deadline and should accompany the Proposer’s proposal.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone and facsimile (FAX) numbers, and email address, to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to that party.

1.3 Public Information

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the Texas Public Information Act (ref. Chapter 552, Government Code). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under §§ 552.101, 552.104, 552.110, 552.113, and 552.131, Government Code.

Any proposals that are not submitted by the Submittal Deadline or that are not accompanied by required number of completed and signed originals of the HSP will be rejected by University as non-responsive due to material failure to comply with this RFP (ref. Section 2.5.4 of this RFP). Upon completion of the initial review and evaluation of proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

University may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of Contractor on the basis of negotiation with any of the Proposers. In conducting negotiations, University will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

University may discuss and negotiate all elements of proposals submitted by Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University may defer further action on proposals not included within the competitive range pending the selection of Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interest of University.
After the Submittal Deadline but before final selection of Contractor, University may permit Proposer to revise its proposal in order to obtain the Proposer's best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Proposer is hereby notified that University will maintain in its files concerning this RFP a written record of the basis upon which a selection, if any, is made by University.

Section 5 of this RFP), [d] terms and conditions of the Agreement (ref. APPENDIX TWO), and [e] all other requirements and specifications set forth in this RFP; and (2) acknowledges that some subjective judgments must be made by University during this RFP process.

Proposer understands and agrees that (1) this RFP is a solicitation for proposals and University has made no representation written or oral that one or more agreements with University will be awarded under this RFP; (2) University issues this RFP predicated on University's anticipated requirements for the Services, and University has made no representation, written or oral, that any particular scope of services will actually be required by University; and (3) Proposer will bear, as its sole risk and responsibility, any cost that arises from Proposer's preparation of a proposal in response to this RFP.

1.8 Proposal Requirements and General Instructions

2.1.1 Proposer will furnish the Services to University and comply with all terms, conditions, requirements and specifications set forth in this RFP and any resulting Agreement.

2.1.2 This RFP is a solicitation for a proposal and is not a contract or an offer to contract. Submission of a proposal by Proposer in response to this RFP will not create a contract between University and Proposer. University has made no representation or warranty, written or oral, that one or more contracts with University will be awarded under this RFP. Proposer will bear, as its sole risk and responsibility, any cost arising from Proposer’s preparation of a response to this RFP.

2.1.3 Proposer is a reputable company that is lawfully and regularly engaged in providing the Services.

2.1.4 Proposer has the necessary experience, knowledge, abilities, skills, and resources to perform the Services.

2.1.5 Proposer is aware of, is fully informed about, and is in full compliance with all applicable federal, state and local laws, rules, regulations and ordinances relating to performance of the Services.

2.1.10 Proposer will defend with counsel approved by University, indemnify, and hold harmless University, the State of Texas, and all of their Regents, Officers, Agents and Employees, from and against all actions, suits, demands, costs, damages, liabilities and other claims of any nature, kind or description, including reasonable attorneys’ fees incurred in investigating, defending or settling any of the foregoing, arising out of, connected with, or resulting from any negligent acts or omissions or willful misconduct of Proposer or any agent, employee, subcontractor, or supplier of Proposer in the execution or performance of any contract or agreement resulting from this RFP.

2.1.11 Pursuant to §§2107.008 and 2252.903, Government Code, any payments owing to Proposer under the Agreement may be applied directly to any debt or delinquency that Proposer owes the State of Texas or any agency of the State of Texas, regardless of when it arises, until such debt or delinquency is paid in full.

Submission of a proposal is Proposer’s good faith intent to enter into the Agreement with University as specified in this RFP and that Proposer’s intent is not contingent upon University’s acceptance or execution of any terms, conditions, or other documents attached to or referenced in Proposer’s proposal.

2.1.13 Pursuant to Chapter 2270, Government Code, Proposer certifies Proposer (1) does not currently boycott Israel; and (2) will not boycott Israel during the Term of the Agreement. Proposer acknowledges the Agreement may be terminated and payment withheld if this certification is inaccurate.

2.3 Tax Certification. Proposer is not currently delinquent in the payment of any taxes due under Chapter 171, Tax Code, or Proposer is exempt from the payment of those taxes, or Proposer is an out-of-state taxable entity that is not subject to those taxes, whichever is applicable. This Non-Exclusive Emergency and Recovery Services Related To Disaster Events Agreement ("Agreement") is made and entered into effective as of _________________, 2019 (the "Effective Date"), by and between The University of Texas System, an agency and institution of higher education established under the laws of the State of Texas ("University") for and on its own behalf and on behalf of all institutions and entities included in the University as set forth in Section 65.02, Texas Education Code (collectively, "Institutions" and each an "Institution"), and ______________ a Contractor, Federal Tax Identification Number _______________________

University and Contractor hereby agree as follows:

1. **Scope of Work.**
   
   1.1 Contractor will perform services within the scope of work ("Work" or "Services") set forth in **Exhibit A**, Scope of Work, attached and incorporated for all purposes, only on request of an Institution (each a "Requesting Institution") and in accordance with a Project Addendum fully executed by Contractor and a Requesting Institution, as described in Section 2 below. The Institutions include, but are not limited to, the following: The University of Texas at Arlington, The University of Texas at Austin, The University of Texas at Dallas, The University of Texas at El Paso, The University of Texas of the Permian Basin, The University of Texas Rio Grande Valley, The University of Texas at San Antonio, The University of Texas at Tyler, The University of Texas Southwestern Medical Center, The University of Texas Medical Branch at Galveston, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, The University of Texas MD Anderson Cancer Center, The University of Texas Health Science Center at Tyler and the University of Texas System Administration. Contractor will perform the Work to the satisfaction of each Requesting Institution and in accordance with the schedule ("Schedule") for the Work set out in the executed Project Addendum. Time is of the essence in connection with this Agreement and each Project Addendum. University and the Requesting Institutions will have no obligation to accept late performance or waive timely performance by Contractor.

   1.2 Contractor will obtain, at its own cost, any and all approvals, licenses, filings, registrations and permits required by federal, state or local, laws, statutes, regulations and ordinances ("Applicable Laws"), for the performance of the Work.

   1.3 Contractor will not replace or substitute staff for those staff that Contractor has identified to a Requesting Institution as performing Work under a Project Addendum with that Requesting Institution without first notifying that Requesting Institution in a writing that identifies the Contractor's reasons for such replacement or substitution and the qualifications of Contractor's replacement staff personnel. If a Requesting Institution finds the performance of any of Contractor’s staff to be in breach of this Agreement or a Project Addendum or otherwise unacceptable, then the Requesting Institution will inform Contractor and Contractor must rectify that staff performance issue to the Requesting Institution’s satisfaction. If such a staff performance issue is not so rectified, then the Requesting Institution may, without liability to Requesting
Institution, elect one or more of the following: (1) to not enter into a Project Addendum with Contractor, (2) to terminate any or all of the Project Addenda that it has entered into with Contractor, or (3) to pursue any claims, actions, or remedies available to it under Applicable Laws (as defined below.)

1.4 Contractor acknowledges that this Agreement is a non-exclusive agreement. Neither University nor any Institution is obligated to request services from or enter into Project Addenda with Contractor under this Agreement. CONTRACTOR UNDERSTANDS AND AGREES THAT NEITHER UNIVERSITY NOR ANY INSTITUTION HAVE MADE ANY REPRESENTATION, ASSURANCE, WARRANTY OR GUARANTY THAT UNIVERSITY OR ANY INSTITUTION WILL REQUEST CONTRACTOR TO PERFORM ANY SERVICE AND THAT UNIVERSITY AND ALL INSTITUTIONS HAVE AND DO SPECIFICALLY DISCLAIM ANY SUCH REPRESENTATIONS, WARRANTIES, ASSURANCES OR GUARANTIES.

All of terms and conditions contained in this Agreement are incorporated into each Project Addendum for all purposes.

2.2 In the event of a conflict between a Project Addendum and this Agreement, this Agreement will control, provided, however, that the Requesting Institution and Contractor may agree to language in a Project Addendum that specifies or clarifies the Services to be provided or that provides the Requesting Institution with more beneficial pricing than that set forth in this Agreement. Contractor and a Requesting Institution can enter into a Project Addendum at any time during the Term. A Project Addendum will specify the term during which Contractor will provide Work to the Requesting Institution set forth in that Project Addendum. To the extent that this Agreement expires or terminates prior to the end of a Project Addendum, such Project Addendum will survive any such termination or expiration of the Agreement and the terms and conditions of this Agreement will continue to be incorporated for all purposes into the Project Addendum. Contractor understands and agrees that it will not receive any payment or other compensation under this Agreement unless it enters into a Project Addendum and provides Services in accordance with the terms and conditions of that Project Addendum and this Agreement.

3. **Time for Commencement and Completion.**

4.4 University at all times is relying on Contractor's skill and knowledge in performing Work. Contractor represents, warrants, and agrees that the Work will be accurate and free from any material defects. 4.10 Contractor represents and warrants that: (i) the Work will be performed solely by Contractor, its full-time or part-time employees during the course of their employment, or independent contractors who have assigned in writing all right, title and interest in their work to Contractor for the benefit of University and the Requesting Institutions; (ii) University and the Requesting Institutions will receive free, good and clear title to all Work Material developed under this Agreement; (iii) the Work Material and the intellectual property rights protecting the Work Material are free and clear of all encumbrances, including security interests, licenses, liens, charges or other restrictions; (iv) the Work Material will not infringe upon or violate any patent, copyright, trade secret, trademark, service mark or other property right of any former employer, independent contractor, client or other third party; and (v) the use, reproduction, distribution, or modification of the Work Material will not violate the rights of any third parties in the Work Material, including trade secret, publicity, privacy, copyright, trademark, service mark and patent rights.

4.11 If this Agreement requires Contractor’s presence on University’s or an Institution’s premises or in University’s or an Institution’s facilities, Contractor agrees to cause its employees, representatives, agents, or subcontractors to become aware of, fully informed about, and in full compliance with all applicable University Rules, including those relative to personal health, security, environmental quality, safety, fire prevention, noise, smoking, and access restrictions.
5. **The Contract Amount.**

5.2 Each Project Addendum must identify the maximum total amount of fees and expenses that the Requesting Institution may be required to pay to Contractor under that Project Addendum (the “Contract Amount”). The Contract Amount must include all applicable federal, state or local sales or use taxes payable as a result of the execution or performance of the Project Addendum.

5.3 University and the Institutions (State agencies) are exempt from Texas Sales & Use Tax on Work in accordance with §151.309, Texas Tax Code and 34 Texas Administrative Code (TAC) §3.322. Pursuant to 34 TAC §§3.322(c)(4) and (g)(3), this Agreement is sufficient proof of University’s and all Institutions’ tax exempt status and neither the University nor any Institution are not required to provide further evidence of their exempt status.

5.4 This total amount paid by University and all Requesting Institutions under the Project Addenda entered into under this Agreement must not exceed $1,000,000 until this Agreement is approved by The University of Texas System Board of Regents.

Each invoice will be accompanied by documentation that the Requesting Institution may reasonably request to support the invoice amount. The Requesting Institution will, within twenty-one (21) days from the date it receives an invoice and supporting documentation, approve or disapprove the amount reflected in the invoice. If the Requesting Institution approves the amount or any portion of the amount set forth in the invoice, the Requesting Institution will promptly pay (each a “Progress Payment”) to Contractor the amount approved so long as Contractor is not in default under the applicable Project Addendum or this Agreement. If the Requesting Institution disapproves any invoice amount, the Requesting Institution will give Contractor specific reasons for its disapproval in writing.

6.2 Within ten (10) days after final completion of the Work under each Project Addendum, or as soon thereafter as possible, Contractor will submit a final invoice (“Final Invoice”) to the Requesting Institution under that Project Addendum setting forth all amounts due and remaining unpaid to Contractor under that Project Addendum.
Upon approval of the Final Invoice by the Requesting Institution, the Requesting Institution will pay ("Final Payment") to Contractor the amount due under the Final Invoice.

6.3 Notwithstanding any provision of this Agreement or any Project Addendum to the contrary, no Requesting Institution will be obligated to make any payment (whether a Progress Payment or Final Payment) to Contractor if Contractor is in default under this Agreement or a Project Addendum.

6.4 The cumulative amount of all Progress Payments and the Final Payment under a Project Addendum will not exceed the Contract Amount documented in that Project Addendum.

6.5 No payment made by a Requesting Institution will (a) be construed to be final acceptance or approval of that part of the Work to which the payment relates, or (b) relieve Contractor of any of its duties or obligations under this Agreement or a Project Addendum.

6.6 The acceptance of Final Payment under a Project Addendum by Contractor will constitute a waiver of all claims by Contractor regarding that Project Addendum except those previously made in writing and identified by Contractor as unsettled at the time of the Final Invoice for payment under that Project Addendum.

6.7 University or a Requesting Institution will have the right to verify the details set forth in Contractor's invoices and supporting documentation, either before or after payment, by (a) inspecting the books and records of Contractor at mutually convenient times; (b) examining any reports with respect to this Agreement or a Project Addendum; and (c) other reasonable action.

Contractor agrees to accept payments from University and the Requesting Institutions through those methods, including the automated clearing house system (ACH). Contractor agrees to provide Contractor's banking information to University and the Requesting Institutions in writing on Contractor letterhead signed by an authorized representative of Contractor. Prior to the first payment, University or a Requesting Institution will confirm Contractor's banking information. Changes to Contractor's bank information must be communicated to University and the Requesting Institutions in accordance with Section 12.14 in writing at least thirty (30) days before the effective date of the change and must include an IRS Form W-9 signed by an authorized representative of Contractor.

6.9 Notwithstanding any other provision of this Agreement, University and the Requesting Institutions are entitled to a "Prompt Payment Discount" of ___% off of each payment that University or the Requesting Institutions submit within ___ days after University's or the Requesting Institution's receipt of Contractor's invoice for that payment.

7.2 Contractor grants and assigns to University and the Requesting Institutions all rights and claims of whatever nature and whether now or hereafter arising in and to the Work Material and will cooperate fully with University and the Requesting Institutions in any steps University or the Requesting Institutions may take to obtain or enforce patent, copyright, trademark or like protections with respect to the Work Material.

7.3 Contractor will deliver all Work Material to University and the Requesting Institutions upon expiration or termination of this Agreement. University and the Requesting Institutions will have the right to use the Work Material for the completion of the Work or otherwise. University and the Requesting Institutions may, at all times, retain the originals of the Work Material. The Work Material will not be used by any persons other than University and the Requesting Institutions on other projects unless expressly authorized by University and the Requesting Institutions in writing.

Notwithstanding any provision in this Agreement or any Project Addendum to the contrary, neither University nor any Requesting Institution will be required to pay or reimburse Contractor for any Services performed or for expenses incurred by Contractor after the date of the termination notice that could have been reasonably avoided or mitigated by Contractor. The termination of a Project Addendum without cause by Requesting Institution or Contractor under this Section 8.3 shall not terminate or otherwise affect any other Project Addenda entered into with Contractor under this Agreement by that Requesting Institution or by any other Requesting Institutions.

8.4 Termination under Sections 8.1, 8.2, or 8.3 will not relieve Contractor from liability for any default or breach under this Agreement or any other act or omission of Contractor.

8.5 If Contractor fails to cure any default within fifteen (15) days after receiving written notice of the default, University or the applicable Requesting Institutions will be entitled (but will not be obligated) to cure the default and will have the right to offset against all amounts due to Contractor under this Agreement or any Project Addendum, any and all reasonable expenses incurred in connection with University’s or the Requesting Institutions’ curative actions.

or other person or address as may be given in writing by University or a Requesting Institution to Contractor in accordance with this Section.

12.15 **Severability.** In case any provision of this Agreement or any Project Addendum will, for any reason, be held invalid or unenforceable in any respect, the invalidity or unenforceability will not affect any other provision of this Agreement or that Project Addendum, and this Agreement and the Project Addendum will be construed as if the invalid or unenforceable provision had not been included.

12.16 **State Auditor’s Office.** Contractor understands that acceptance of funds under this Agreement or any Project Addendum constitutes acceptance of the authority of the Texas State Auditor’s Office, or any successor agency (collectively, “Auditor”), to conduct an audit or investigation in connection with those funds (§§51.9335(c), 73.115(c) and 74.008(c), Texas Education Code). Contractor agrees to cooperate with the Auditor in the conduct of the audit or investigation, including providing all records requested. Contractor will include this provision in all contracts with subcontractors.

12.17 **Limitation of Liability.** EXCEPT FOR UNIVERSITY’S OR AN INSTITUTION’S OBLIGATION (IF ANY) TO PAY CONTRACTOR CERTAIN FEES AND EXPENSES UNIVERSITY NOR ANY INSTITUTION WILL HAVE NO LIABILITY TO CONTRACTOR OR TO ANYONE CLAIMING
12.18 **Survival of Provisions.** No expiration or termination of this Agreement will relieve either party of any obligations under this Agreement that by their nature survive expiration or termination, including Sections 6.7, 9, 12.5, 12.9, 12.10, 12.11, 12.13, 12.16, 12.17, 12.19 and 12.21.

12.19 **Breach of Contract Claims.**

12.19.1 To the extent that Chapter 2260, *Texas Government Code*, as it may be amended from time to time ("Chapter 2260"), is applicable to this Agreement and the Project Addenda and is not preempted by other Applicable Laws, the dispute resolution process provided for in Chapter 2260 will be used, as further described herein, by University, the Requesting Institutions, and Contractor to attempt to resolve any claim for breach of contract made by Contractor:

12.19.1.1 Contractor’s claims for breach of this Agreement or of a Project Addendum that the parties cannot resolve pursuant to other provisions of this Agreement, that Project Addendum, or in the ordinary course of business will be submitted to the negotiation process provided in subchapter B of Chapter 2260. To initiate the process, Contractor will submit written notice, as required by subchapter B of Chapter 2260, to University and the applicable Requesting Institutions in accordance with the notice provisions in this Agreement. Contractor’s notice will specifically state that the provisions of subchapter B of Chapter 2260 are being invoked, the date and nature of the event giving rise to the claim, the specific contract provision that University or a Requesting Institution allegedly breached, the amount of damages Contractor seeks, and the method used to calculate the damages. Compliance by Contractor with subchapter B of Chapter 2260 is a required prerequisite to Contractor’s filing of a contested case proceeding under subchapter C of Chapter 2260. The chief business officer of University, or another officer of University as may be designated from time to time by University by written notice to Contractor in accordance with the notice provisions in this Agreement, will examine Contractor’s claim and any counterclaim and negotiate with Contractor in an effort to resolve the claims.
12.19.1.2 If the parties are unable to resolve their disputes under Section 12.19.1.1, the contested case process provided in subchapter C of Chapter 2260 is Contractor’s sole and exclusive process for seeking a remedy for any and all of Contractor’s claims for breach of this Agreement or a Project Addendum by University or a Requesting Institution.

12.19.1.3 Compliance with the contested case process provided in subchapter C of Chapter 2260 is a required prerequisite to seeking consent to sue from the Legislature under Chapter 107, Texas Civil Practices and Remedies Code. The parties hereto specifically agree that (i) neither the execution of this Agreement or any Project Addendum by University or the Requesting Institutions nor any other conduct, action or inaction of any representative of University or the Institutions relating to this Agreement or any Project Addendum constitutes or is intended to constitute a waiver of University’s, the Requesting Institutions’ or the state’s sovereign immunity to suit and (ii) neither University nor any of the Institutions have waived their right to seek redress in the courts.

12.19.2 The submission, processing and resolution of Contractor’s claim is governed by the published rules adopted by the Texas Attorney General pursuant to Chapter 2260, as currently effective, thereafter enacted or subsequently amended.

12.19.3 University, the Institutions, and Contractor agree that any periods set forth in this Agreement for notice and cure of defaults are not waived.

12.20 Undocumented Workers. The Immigration and Nationality Act (8 USC §1324a) ("Immigration Act") makes it unlawful for an employer to hire or continue employment of undocumented workers. The United States Immigration and Customs Enforcement Service has established the Form I-9 Employment Eligibility Verification Form (I-9 Form) as the document to be used for employment eligibility verification (8 CFR §274a). Among other things, Contractor is required to: (1) have all employees complete and sign the I-9 Form certifying that they are eligible for employment; (2) examine verification documents required by the I-9 Form to be presented by the employee and ensure the documents appear to be genuine and related to the individual; (3) record information about the documents on the I-9 Form, and complete the certification portion of the I-9 Form; and (4) retain the I-9 Form as required by Applicable Laws. It is illegal to discriminate against any individual (other than a citizen of another country who is not authorized to work in the United States) in hiring, discharging, or recruiting because of that individual's national origin or citizenship status. If Contractor employs unauthorized workers during performance of this Agreement in violation of the Immigration Act then, in addition to other remedies or penalties prescribed by Applicable Laws, the University and the Requesting Institutions may terminate this Agreement and any or all Project Addenda in accordance with Section 8. Contractor represents and
warrants that it is in compliance with and agrees that it will remain in compliance with the provisions of the Immigration Act.

12.21 **Limitations.** The Parties are aware that there are constitutional and statutory limitations on the authority of University and the Institutions (a state agency) to enter into certain terms and conditions that may be a part of this Agreement or any Project Addendum, including those terms and conditions relating to liens on University’s or an Institution’s property; disclaimers and limitations of warranties; disclaimers and limitations of liability for damages; waivers, disclaimers and limitations of legal rights, remedies, requirements and processes; limitations of periods to bring legal action; granting control of litigation or settlement to another party; liability for acts or omissions of third parties; payment of attorneys’ fees; dispute resolution; indemnities; and confidentiality (collectively, the “**Limitations**”), and terms and conditions related to the Limitations will not be binding on University or the Institutions except to the extent authorized by the laws and Constitution of the State of Texas.

12.22 **Ethics Matters; No Financial Interest.** Contractor and its employees, agents, representatives and subcontractors have read and understand University’s Conflicts of Interest Policy available at [http://www.utsystem.edu/policy/policies/int160.html](http://www.utsystem.edu/policy/policies/int160.html), University’s Standards of Conduct Guide available at [http://www.utsystem.edu/systemcompliance/SOCcombined.pdf](http://www.utsystem.edu/systemcompliance/SOCcombined.pdf), and applicable state ethics laws and rules available at [www.utsystem.edu/ogc/ethics](http://www.utsystem.edu/ogc/ethics). Neither Contractor nor its employees, agents, representatives or subcontractors will assist or cause University or Institution employees to violate University’s Conflicts of Interest Policy, provisions described by University’s Standards of Conduct Guide, or applicable state ethics laws or rules. Contractor represents and warrants that no member of the Board has a direct or indirect financial interest in the transaction that is the subject of this Agreement.

12.23 **INTENTIONALLY OMITTED.**

12.24 **Enforcement.** Contractor agrees and acknowledges that University is entering into this Agreement and the Requesting Institutions will be entering into Project Addenda in reliance on Contractor’s special and unique knowledge and abilities with respect to performing Work. Contractor’s services provide a peculiar value to University and the Requesting Institutions. University and the Requesting Institutions cannot be reasonably or adequately compensated in damages for the loss of Contractor’s Services. Accordingly, Contractor acknowledges and agrees that a breach by Contractor of the provisions of this Agreement or any Project Addenda will cause University and the Requesting Institutions irreparable injury and damage. Contractor, therefore, expressly agrees that University or the Requesting Institutions will be entitled to injunctive and/or other equitable relief in any court of competent jurisdiction to prevent or otherwise restrain a breach of this Agreement or any Project Addenda.

12.25 **INTENTIONALLY OMITTED.**
12.26 **HIPAA Compliance.** University and the Institutions are HIPAA Covered Entities and some of the information Contractor receives, maintains or creates for or on behalf of University and the Institutions may constitute Protected Health Information ("PHI") that is subject to HIPAA. Before Contractor may receive, maintain or create any University Records subject to HIPAA, Contractor will execute the HIPAA Business Associate Agreement ("BAA") set forth in EXHIBIT C, HIPAA Business Associate Agreement, attached and incorporated for all purposes. To the extent that the BAA conflicts with any term contained in this Agreement or a Project Addendum, the terms of the BAA will control.

12.27 **Historically Underutilized Business Subcontracting Plan.** Contractor agrees to use good faith efforts to subcontract the Work in accordance with the Historically Underutilized Business Subcontracting Plan ("HSP") (ref. EXHIBIT D). Contractor agrees to maintain business records documenting its compliance with the HSP and to submit a monthly compliance report to University and the Requesting Institutions in the format required by Statewide Procurement and Support Services Division of the Texas Comptroller of Public Accounts or any successor entity (collectively, "TPSS"). Submission of compliance reports will be required as a condition for payment under this Agreement. If University or a Requesting Institution determines that Contractor has failed to subcontract as set out in the HSP, University or that Requesting Institution will notify Contractor of any deficiencies and give Contractor an opportunity to submit documentation and explain why the failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. If University or a Requesting Institution determines that Contractor failed to implement the HSP in good faith, University or that Requesting Institution, in addition to any other remedies, may report nonperformance to the TPSS in accordance with §§20.285(g)(5), 20.585 and 20.586. University or that Requesting Institution may also revoke this Agreement or any Project Addendum for breach and make a claim against Contractor.

12.27.1 **Changes to the HSP.** If at any time during the Term of this Agreement or any Project Addendum, Contractor desires to change the HSP, before the proposed changes become effective (a) Contractor must comply with 34 TAC Section 20.14; (b) the changes must be reviewed and approved by University; and (c) if University approves changes to the HSP, this Agreement and all applicable or any Project Addenda must be amended in accordance with Section 12.6 to replace the HSP with the revised subcontracting plan.

12.27.2 **Expansion of the Work.** If University expands the scope of the Work through a change order or any other amendment, University will determine if the additional Work contains probable subcontracting opportunities not identified in the initial solicitation for the Work. If University determines additional probable subcontracting opportunities exist, Contractor will submit an amended subcontracting plan covering those opportunities. The amended subcontracting plan must comply with the provisions of 34 TAC §20.285 before (a) this Agreement may be amended to include the additional Work; or (b) Contractor may perform the additional Work. If Contractor subcontracts any of the additional subcontracting opportunities
identified by University without prior authorization and without complying with 34 TAC §20.285, Contractor will be deemed to be in breach of this Agreement under Section 8 and will be subject to any remedial actions provided by Applicable Laws, including Chapter 2161, Texas Government Code, and 34 TAC §20.285. University or any Institution may report nonperformance under this Agreement to the SPSS in accordance with 34 TAC §§20.285(g)(5), 20.585 and 20.586.

12.28 Responsibility for Individuals Performing Work; Criminal Background Checks. Each individual who is assigned to perform the Work under this Agreement or any Project Addendum will be an employee of Contractor or an employee of a subcontractor engaged by Contractor. Contractor is responsible for the performance of all individuals performing the Work under this Agreement and the Project Addenda. Prior to commencing the Work, Contractor will (1) provide University and all applicable Requesting Institutions with a list ("List") of all individuals who may be assigned to perform the Work on University’s or those Requesting Institutions’ premises and (2) have an appropriate criminal background screening performed on all the individuals on the List. Contractor will determine on a case-by-case basis whether each individual assigned to perform the Work is qualified to do so. Contractor will not knowingly assign any individual to provide services on University’s or any Requesting Institution’s premises who has a history of criminal conduct unacceptable for a university campus or healthcare center, including violent or sexual offenses. Contractor will update the List each time there is a change in the individuals assigned to perform the Work on University’s or any Requesting Institution’s premises.

Prior to commencing performance of the Work under this Agreement or a Project Addendum, Contractor will provide University and the applicable Requesting Institution a letter signed by an authorized representative of Contractor certifying compliance with this Section. Contractor will provide University and the Requesting Institutions an updated certification letter each time there is a change in the individuals on the List.

12.29 Quality Assurance. Contractor will (a) comply with all applicable standards of the Joint Commission ("Joint Commission"); (b) implement and monitor a quality assurance process that complies with Joint Commission standards; (c) comply with applicable Joint Commission privileging standards for licensed independent practitioners; (d) upon request, provide assurance to University and the Requesting Institutions of a licensed independent practitioner's privileging file; and (e) provide University and the Requesting Institutions with periodic reports of its quality assurance indicators and/or permit University and the Requesting Institutions to conduct periodic quality assurance audits of the Work.

12.30 INTENTIONALLY OMITTED.

12.31 INTENTIONALLY OMITTED.

12.32 INTENTIONALLY OMITTED.
12.37 **FERPA Compliance.** Some of the University Records Contractor receives, creates or maintains for or on behalf of University or the Requesting Institutions constitute “Education Records” (as defined by [FERPA](https://www.ed.gov/policy/gen/g artists/fp/ferpadata.html)), or “Personally Identifiable Information from Education Records” (as defined by FERPA) (collectively “FERPA Data”). Before Contractor may access, create or maintain any of University’s or the Requesting Institutions’ FERPA Data, Contractor must execute the FERPA compliance contract addendum (“FERPA Confidentiality and Security Addendum”), attached as EXHIBIT E, FERPA Confidentiality and Security Addendum, and incorporated for all purposes. The FERPA Confidentiality and Security Addendum contains terms required by University and the Requesting Institutions to ensure that Contractor complies with FERPA (including the requirements of 34 CFR §99.33(a) and University Rules related to FERPA, including (i) a description of all FERPA Data subject to this Agreement, and (ii) recognition that University and the Requesting Institutions retain the right to control Contractor’s access, use, and disclosure of all FERPA Data. Except to the extent Section 12.11 conflicts with the FERPA Confidentiality and Security Addendum, Contractor will comply with Section 12.11 in connection with all FERPA Data. To the extent that the FERPA Confidentiality and Security Addendum conflicts with any term contained in this Agreement or any Project Addendum, the terms of the FERPA Confidentiality and Security Addendum will control.

12.38 Contractor agrees to comply with §2252.908, Texas Government Code (Disclosure of Interested Parties Statute), and 1 TAC §§46.1 through 46.5 (Disclosure of Interested Parties Regulations), as implemented by the Texas Ethics Commission (TEC), including, among other things, providing the TEC, the University, and the Requesting Institutions with information required on the form promulgated by TEC. Contractor may learn more about these disclosure requirements, including the use of TEC’s electronic filing system, by reviewing the information on TEC’s website at [https://www.ethics.state.tx.us/data/forms/1295/1295.pdf](https://www.ethics.state.tx.us/data/forms/1295/1295.pdf).

12.39 **Contractor Certification regarding Boycotting Israel.** To the extent applicable, Contractor certifies that, pursuant to Chapter 2270, Texas Government Code, Contractor certifies that either (i) Contractor meets an exemption criteria under Section 2270.002; or (ii) Contractor does not boycott Israel and will not boycott Israel during the term of the Agreement. If Contractor meets an exemption, Contractor will provide the University written notice of the exemption before commencing work.

12.40 **Contractor Certification regarding Business with Certain Countries and Organizations.** Pursuant to Subchapter F, Chapter 2252, Texas Government Code, Contractor certifies Contractor is not engaged in business with Iran, Sudan, or a foreign terrorist organization. Contractor acknowledges this Agreement and
any or all Project Addenda may be terminated and payment withheld if this certification is inaccurate.

Additionally, Business Associate shall ensure agent or subcontractor agree to and implement reasonable and appropriate safeguards to protect PHI.

2) If Business Associate knows of a pattern of activity or practice of its subcontractor or agent that constitutes a material breach or violation of the agent or subcontractor’s obligation under the contract or other arrangement, the Business Associate must take steps to cure the breach and end the violation and if such steps are not successful, must terminate the contract or arrangement if feasible. If it is not feasible to terminate the contract, Business Associate must promptly notify the Covered Entity.

d. Reporting. Business Associate shall, as soon as practicable but not more than five (5) business days after becoming aware of any successful security incident or use or disclosure of Covered Entity’s PHI or Sensitive Personal Information in violation of this Agreement, report any such use or disclosure to Covered Entity. With the exception of law enforcement delays that satisfy the requirements under 45 C.F.R. § 164.412 or as otherwise required by applicable state law, Business Associate shall notify Covered Entity in writing without unreasonable delay and in no case later than ten (10) calendar days upon discovery of a Breach of Unsecured PHI or Breach of Security System. Business Associate shall also provide, to the extent possible, Covered Entity with any other available information that Covered Entity is required to include in its notification to individuals under 45 C.F.R. § 164.404(c) and Section 521.053, Texas Business & Commerce Code at the time of Business Associate’s notification to Covered Entity or promptly thereafter as such information becomes available. For purposes of this
Agreement, a Breach of Unsecured PHI or Breach of Security System shall be treated as
discovered by Business Associate as of the first day on which such breach is known to
Business Associate (including any person, other than the individual committing the breach,
who is an employee, officer, or other agent of Business Associate, as determined in
accordance with the federal common law of agency) or should reasonably have been
known to Business Associate following the exercise of reasonable diligence.

e. Mitigation. Business Associate shall have procedures in place to mitigate, to the
maximum extent practicable, any deleterious effect from any Use or Disclosure (as defined
by 45 C.F.R. §160.103).

c. Remedies. Upon a Party’s knowledge of a material breach by the other Party, the non-breaching Party shall either:
1) provide an opportunity for the breaching Party to cure the breach and end the violation or terminate this Agreement and the Underlying Agreement if the breaching Party does not cure the breach or end the violation within ten (10) business days or a reasonable time period as agreed upon by the non-breaching party; or

2) immediately terminate this Agreement and the Underlying Agreement if cure is not possible.

d. Injunctions. Covered Entity and Business Associate agree that any violation of the provisions of this Agreement may cause irreparable harm to Covered Entity. Accordingly, in addition to any other remedies available to Covered Entity at law or in equity, Covered Entity shall be entitled to seek an injunction or other decree of specific performance with respect to any violation of this Agreement or explicit threat thereof, without any bond or other security being required and without the necessity of demonstrating actual damages.

a. State Law. Nothing in this Agreement shall be construed to require Business Associate to use or disclose PHI without written authorization from an individual who is a subject of the PHI, or written authorization from any other person, where such authorization would be required under state law for such use or disclosure.

b. Amendment. Covered Entity and Business Associate agree to enter into good faith negotiations to amend this Agreement to come into compliance with changes in state and
federal laws and regulations relating to the privacy, security and confidentiality of PHI. Covered Entity may terminate this Agreement upon thirty (30) days written notice in the event that Business Associate does not promptly enter into an amendment that Covered Entity, in its sole discretion, deems sufficient to ensure that Covered Entity will be able to comply with such laws and regulations.

c. No Third Party Beneficiaries. Nothing express or implied in this Agreement is intended or shall be deemed to confer upon any person other than Covered Entity, Business Associate, and their respective successors and assigns, any rights, obligations, remedies or liabilities.

d. Ambiguities. The Parties agree that any ambiguity in this Agreement shall be resolved in favor of a meaning that complies and is consistent with applicable law protecting the privacy, security, and confidentiality of PHI, including, without limitation, MRPA, HIPAA, the HIPAA Regulations, and the HITECH Act.

The notification shall include a statement that the Business Associate has determined that it is infeasible to return or destroy the PHI in its possession, and the specific reasons for such determination. Business Associate shall comply with the Security Rule and extend any and all protections, limitations and restrictions contained in this Agreement to Business Associate’s use and/or disclosure of any PHI retained after the termination of this Agreement, and to limit any further uses and/or disclosures to the purposes that make the return or destruction of the PHI infeasible.

This FERPA Confidentiality and Security Addendum ("Addendum") is made and entered into effective as of [ ] (the "Effective Date") by and between The University of Texas [ ], a state agency and institution of higher education established under the laws of the State of Texas ("University") and [ ] ("Contractor"), (collectively, "Parties"). The purpose of this Addendum is to provide the terms under which Contractor is required to maintain the confidentiality and security of any and all University records subject to the Family Educational Rights and Privacy Act, 20 U.S.C. §1232g ("FERPA") which Contractor will create, receive, or maintain on behalf of University pursuant to the Non-Exclusive Emergency and Recovery Services Related To Disaster Recovery Services Agreement between the University and Contractor dated __________ ("Underlying Agreement").

1. **FERPA.** The Parties understand and agree that:

   1.1 As part of the work ("Work") that Contractor will provide pursuant to the Underlying Agreement, Contractor is expected to create, receive or maintain, records or record systems from or on behalf of University that (a) are subject to FERPA or (b) contain personally identifiable information from “Education Records” as defined by and subject to FERPA (collectively, “FERPA Records”) namely: [Insert description of the types or categories of records subject to FERPA to be created, accessed and or maintained by Contractor]. FERPA Records include all data in any form whatsoever, including electronic, written and machine readable form.

   1.2 Notwithstanding any other provision of the Underlying Agreement, this Addendum or any other agreement, all FERPA Records created, received or maintained by Contractor pursuant to the Underlying Agreement will remain the sole and exclusive property of University.

2. **FERPA Compliance.** In connection with all FERPA Records that Contractor may create, receive or maintain on behalf of University pursuant to the Underlying Agreement, Contractor is designated as a University Official with a legitimate educational interest in and with respect to such FERPA Records, only to the extent to which Contractor (a) is required to create, receive or maintain FERPA Records to carry out the Underlying Agreement, and (b) understands and agrees to all of the following terms and conditions without reservation:

   2.1 **Prohibition on Unauthorized Use or Disclosure of FERPA Records:** Contractor will hold University FERPA Records in strict confidence. Contractor will not use or disclose FERPA Records received from or on behalf of University, including any FERPA Records provided by a University student directly to Contractor, except as permitted or required by the Underlying Agreement or this Addendum.
2.2 **Maintenance of the Security of FERPA Records**: Contractor will use the administrative, technical and physical security measures, including secure encryption in the case of electronically maintained or transmitted FERPA Records, approved by University and that are at least as stringent as the requirements of UT System Information and Resource Use & Security Policy, UTS 165 at [http://www.utsystem.edu/board-of-regents/policy-library/policies/uts165-information-resources-use-and-security-policy](http://www.utsystem.edu/board-of-regents/policy-library/policies/uts165-information-resources-use-and-security-policy) to preserve the confidentiality and security of all FERPA Records received from, or on behalf of University, its students or any third party pursuant to the Underlying Agreement.

2.3 **Reporting of Unauthorized Disclosures or Misuse of FERPA Records and Information**: Contractor, within one (1) day after discovery, will report to University any use or disclosure of FERPA Records not authorized by this Addendum. Contractor’s report will identify: (i) the nature of the unauthorized use or disclosure, (ii) the FERPA Records used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what Contractor has done or will do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action Contractor has taken or will take to prevent future similar unauthorized use or disclosure. Contractor will provide such other information, including written reports, as reasonably requested by University. For purposes of this **Section 2.3**, an unauthorized disclosure or use includes any access or use of an “Education Record” (as defined by FERPA) by a Contractor employee or agent that the employee or agent does not require to perform Work or access by any employee or agent that does not involve the provision of Work.

2.4 **Right to Audit**: If University has a reasonable basis to believe that Contractor is not in compliance with the terms of this Addendum, University may audit Contractor’s compliance with FERPA as Contractor’s compliance relates to University’s FERPA Records maintained by Contractor.

2.5 **Five Year Exclusion for Improper Disclosure of Education Records**. Under the federal regulations implementing FERPA, improper disclosure or redisclosure of personally identifiable information from University’s “Education Records” (as defined by FERPA) by Contractor or its employees or agents may result in Contractor’s complete exclusion from eligibility to contract with University for at least five (5) years.

3. **Return of FERPA Records**. Contractor agrees that no later than 30 days after expiration or termination of the Underlying Agreement or this Addendum for any reason, or within thirty (30) days after University’s written request, Contractor will halt all access, use, creation, or processing of FERPA Records and will return to University or Securely Destroy all FERPA Records, including any copies created by Contractor or any subcontractor; and Contractor will certify in writing to University that all FERPA records have been returned to University or Securely Destroyed. “Secure Destruction,” “Securely Destroy” and “Securely Destroyed” mean shredding, erasing or otherwise modifying a record so as to make it unreadable or indecipherable.
4. **Disclosure.** Contractor will restrict disclosure of FERPA Records solely to those employees, subcontractors, or agents of Contractor that have a need to access the FERPA Records in order for Contractor to perform its obligations under the Underlying Agreement or this Addendum. If Contractor discloses any FERPA Records to a subcontractor or agent, Contractor will require the subcontractor or agent to comply with restrictions and obligations that align with the restrictions and obligations imposed on Contractor by the Underlying Agreement and this Addendum, including requiring each subcontractor or agent to agree to the same restrictions and obligations in writing.

5. **Termination.** This Addendum will remain in effect until the earlier of (a) expiration or termination of the Underlying Agreement, or (b) the date University terminates this Addendum by giving Contractor sixty (60) days’ written notice of University’s intent to terminate. **Sections 2, 3, 4, and 6** of this Addendum will survive expiration or termination of the Underlying Agreement and this Addendum.

ADDENDUM 1

DATE: May 5, 2020
PROJECT: Disaster Recovery Services
RFP NO: 720-1924
OWNER: The University of Texas System Administration
TO: Prospective Bidders

This Addendum forms part of Contract Documents and modifies Bid Documents dated June 19th, 2019 with amendments and additions noted below.

Questions and Answers:

1. Question: In section 5.3C, #4, is there an assigned Command Center facility on each of your campuses? If yes, are you asking us to provide a supplementary mobile facility on an as-needed basis or for all crises? In addition, do you have specific requirements related to the mobile facility, or are you looking to us to provide recommendations?

   Answer: No. In certain circumstances, it may be requested. UT System is asking Proposer to articulate such facilities, if Proposer is requested to do so.

2. Question: In section 5.3C, #4 and #5, are you asking us to provide the technology to support crisis comms, Joint Information System operations, radio communications and social media, the communications counsel to help you direct these functions during times of crises, or both?

   Answer: This would be at the discretion of the institution that would activate the contract in the event of a disaster. It is possible, however, no likely.

3. Question: Form: Certificate of Interested Parties - Please confirm that the Certificate of Interested Parties will only be submitted by the Contractor to the University with the signed agreement and does not need to be provided as part of the proposal.

   Answer: This is correct.

4. Question: Section 1 – General Information, 1.2 Inquiries and Interpretations “University may at its sole discretion respond......that information can be provided to that party”. Will client provide Addendums or notice of availability of Addendums by email as USPS mail may not allow sufficient time to receive and review Addendum prior to required Proposal submission date?
5. Question: Section 6.3 – Delivery Schedule of Events and Time Periods “Indicate number of calendar days needed to commence the Services from the execution of the services agreement: Calendar Days”. Is a resulting Agreement going to be pre-executed? If not, how does this apply?

Answer: If Proposer is an awarded vendor and UT System has just fully executed an agreement with Proposer, how many days will Proposer need to start serve the UT Institutions after the agreement is fully executed?

6. Question: Is client open to negotiate the terms and conditions at the contract stage with the awarded Proposer/Contractor?

Answer: UT System may enter in negotiation with awarded vendor based on the redlines that are provided with the proposal. No new redlines will be accepted once the Proposer is awarded.

7. Question: Throughout the RFP and its attached, addenda, appendices, etc. client states that the terms and conditions contained in the RFP and the attached form of Agreement must be or are accepted by Proposer. Clarification: Proposer reserves the right to negotiate terms and conditions applicable to a final contract if Proposer is the successful Proposer.

Answer: See answer to question #6.

8. Question: UT notes that the purpose of the solicitation is to select multiple contractors to provide support for disaster recovery. Does the system intend to competitively bid task orders in the event that multiple vendors are selected for the work?

Answer: This assumption is correct.

9. Question: UT has included items in the scope of services, including crisis communications support and/or action planning, that seem to be outside of the stated need associated with disaster recovery documentation services. Will UT please clarify if this is intentional? If so, can vendors bid only on those services for which they are qualified?

Answer: Applicants must be respondent to all areas included in the Scope of Work. Additional items may strengthen your position in the evaluation process. However, failure to respond to all areas may negatively impact your overall score. This being that in certain circumstances, items such as crisis communications support and/or action planning may be requested by an institution. UT System is asking for you to articulate such projects or capabilities should you be requested to do so.
10. Question: Are vendors able to modify the formatting for the general questionnaire, provided we state each question prior to providing a response?

Answer: Yes.

11. Question: What is the HUB subcontracting goal for this opportunity?

Answer: 26%.

12. Question: Performance of this work will require specialized individuals, who may need to travel to and from the various institutions within the UT System. Will UT please confirm that travel and other direct costs will be reimbursed separately from hourly rates?

Answer: Yes, travel expenses are reimbursed as long as vendor complied with the paying university’s travel policies.

13. Question: Is the Employee Dishonesty Insurance required if contractor employees will not have custody or control of any University or University System cash or investments?

Answer: If it pertains to requiring that a contractor be honest with the charges (not necessarily “cash or investments” then we would expect them to be honest in those transactions.

14. Question: Due to the timeline associated with questions and the need for vendors to incorporate responses, will UT consider extending the deadline for the proposal to at least one week after question responses are posted?

Answer: Due to the timeliness of this RFP, we are unable to grant an extension to the deadline of the proposal.

END OF ADDENDUM 1
