January 17, 2020

Dr. Richard Benson, President, Ms. Lisa Choate, Chair of the Institutional Audit Committee:

We have completed an audit of the Athletics Department as part of our fiscal year 2019 Audit Plan. The objective of our audit was to evaluate financial and accounting processes, internal control systems and the effectiveness and efficiency of related operations and controls. The report is attached for your review.

The audit resulted in opportunities to enhance internal controls over cash handling and expenses. Management has reviewed the recommendations and has provided responses and anticipated implementation dates. Though management is responsible for implementing the course of action outlined in the response, we will follow up on the status of implementation subsequent to the anticipated implementation dates.

We appreciate the courtesies and considerations extended to us during our engagement. Please let me know if you have any questions or comments regarding this audit.

Jori Stephens

Toni Stephens, CPA, CIA, CRMA Chief Audit Executive

Executive Summary

Audit Objective and Scope

To evaluate financial and accounting processes, internal controls systems, and the effectiveness and efficiency of related operations and controls. The scope for this audit was fiscal years 2017 through 2019.

Conclusion

Opportunities exist to enhance internal controls over cash handling and expenses.

Audit Recommendations by Risk Level

Background

The Athletics Department is responsible for providing *"competitive opportunities to students, which foster physical, social and emotional benefits along with a sense of sportsmanship."*¹

Men's Sports	Woman's Sports
Baseball	Basketball
Basketball	Cross Country
Cross Country	Golf
Golf	Soccer
Soccer	Softball
Tennis	Tennis
	Volleyball
CO-ED:	Esports

As well as competing in the various sports throughout the year, the Athletic department offers various sport camps during the summer and oversees the concession stand for the sporting events on campus. When not in use, athletic Athletics is a member of the NCAA Division III, offering 14 sports, including eSports which began in 2019. The Athletics department has 61 employees, including student workers, as shown on the organizational chart below.²

fields are rented out to other groups or sports leagues. Budgetary information is depicted below.³

	FY17	FY18	FY19
Revenues Recognized	\$964,075	\$921,341	\$1,001,002
Expenses	\$3,226,445	\$3,501,675	\$3,767,702

Audit Objective

To evaluate financial and accounting processes, internal controls systems, and the effectiveness and efficiency of related operations and controls.

Scope and Methodology

The scope of this audit was fiscal years 2017 through 2019, and our fieldwork concluded on November 21, 2019. To satisfy our objectives, we performed the following:

¹ <u>https://utdcomets.com/sports/2013/2/14/NEWS_0214132732.aspx?tab=athleticsmissionstatement</u>

² <u>https://utdcomets.com/staff-directory</u>

³ UT Dallas Year to Date Budget Summary, Reporting Console

- Reviewed the department's control environment to determine if:
 - Policies and procedures, including unique job descriptions, are in place.
 - The organizational structure aligns with management's strategic and operational objectives.
- Determined whether the department has an effective risk assessment and awareness process in place.
- Determined whether internal information, communication and reporting methods are effective.
- Reviewed control activities to determine if they are adequate and effective.
- Reviewed management's monitoring of internal controls.
- Interviewed key personnel to determine processes for monitoring operations and internal controls, and tested selected controls in the following areas:
 - Financial processes, including cost center reconciliations, revenues and cash handling, and expenses
 - o Training

We conducted our examination in conformance with the guidelines set forth in The Institute of Internal Auditor's *International Standards for the Professional Practice of Internal Auditing*. The *Standards* are statements of core requirements for the professional practice of internal auditing.

Additionally, we conducted the audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Audit Results and Management's Responses

Observations and Risk Levels	Risk/Effect	Recommendations and Management's Response
(1) <i>Improve Cash Handling Procedures</i> UTDBP3040, <i>Cash Handling Policy</i> , outlines controls over cash handling for all departments. Athletics department cash and check revenues for concessions, ticket sales, camp revenue, field rentals, and gifts totaled \$1,001,002 in FY19. We tested cash handling procedures in the athletics department and found the following opportunities to improve internal controls:	High The risk of fraud or misuse of funds is higher when there is when strong internal controls are not in place over cash handling.	Recommendation: Improve cash handling procedures by developing and updating procedures, ensuring proper separation of duties, reconciling ticket and camp revenues, and ensuring all employees handling cash receive annual cash handling training. Management's Response and Action Plan: All athletic department staff required to have training had completed the training. Going forward, all staff will be trained in cash handling procedures.

 to take items when working in the fields, because of this an accurate inventory of the concession's items cannot be taken. Revenues for tickets sold for the games hosted by the athletics department are not reconciled to the number of tickets sold. The game attendees who pay cash for entry are not tracked, because left over tickets are handed out to players so that players can use the food coupon that is on the game ticket. Tickets purchased with a credit card or a comet card are tracked and reconciled, because the respective systems tracks those purchases. Currently, the revenue from the various camps held by the athletics department are not reconciled to the number of campers that have signed up for the camp. This reconciliation would ensure total revenue has been collected and deposited into the appropriate cost center. (c) <u>Training</u> Twenty-eight employees have not taken Cash Handling training for FY19, 18 of those employees are students and may not need to take the Cash Handling training. In addition, a contractor who was responsible for concessions did not receive cash handling training, because she was classified as an independent contractor. 		 (b) Receipts and Reconciliations In lieu of sequentially numbered receipts, a "Concessions Log" or "Ticket Log" will be used for shift and/or daily drawer balancing. Funds transferred from one person to another will be counted in the presence of both parties. The amount is recorded on the "Cash Log Sheet" and signed by the person accepting custody. An updated Concessions operations manual is currently being completed. Concessions inventory has been moved to one location and with limited access. Field maintenance employees do not have access to storage area. Control of inventory has been rectified. Only paid tickets will be reconciled beginning Dec. 28, 2019. All complimentary tickets, including UTD student tickets, will not be counted in event reconciliation. All complimentary tickets will be accounted with online tracking utilizing Comet Card scan for student tickets and pass lists for visiting teams and complimentary tickets. All athletic camps will have a reconciliation form to include a balance sheet to match number of campers with revenue collected. All funds will be deposited into appropriate cost center. Program for Minors is in the process of implementing a new software that requires all camps and campers to use for registration. Reports will be available to determine number of campers and type of revenue. New form will be included in summer camp paperwork and kept with all camp documentation.

the UTD logo/trademark. Of the transactions tested there was around \$23,251 sports uniforms purchased through non-licensed vendors.		Responsible Party: Bill Petitt, Athletic Director

Conclusion

Opportunities exist to enhance internal controls over cash handling and expenses. Recommendations contained in this report will help enhance the process.

We appreciate the courtesy and cooperation received from the management and staff in Athletics Department as part of this audit.

Appendix

Definition of Risks

Risk Level	Definition
Priority	High probability of occurrence that would significantly impact UT System and/or UT Dallas. Reported to UT System Audit, Compliance, and Risk Management Committee (ACRMC). Priority findings reported to the ACRMC are defined as "an issue identified by an internal audit that, if not addressed timely, could directly impact achievement of a strategic or important operational objective of a UT institution or the UT System as a whole."
High	Risks are considered to be substantially undesirable and pose a moderate to significant level of exposure to UT Dallas operations. Without appropriate controls, the risk will happen on a consistent basis.
Medium	The risks are considered to be undesirable and could moderately expose UT Dallas. Without appropriate controls, the risk will occur some of the time.
Low	Low probability of various risk factors occurring. Even with no controls, the exposure to UT Dallas will be minimal.
