^{*}State appropriations and corresponding expense for TRB/CCAP for all U.T. institutions have been excluded.

Excluding other postemployment benefits (OPEB), pension, and depreciation expense, *U.T. System Consolidated* shows a year-to-date positive cash flow margin of \$1,098.1 million, a decrease of \$132.5 million (11%) from the prior year. The decrease was primarily due to the following: an increase in salaries and wages and payroll related costs across most of the institutions as a result of increases in faculty and staff positions; and an increase in materials and supplies mostly attributable to increased clinical activities.

| Cash Flow Margin (Excludes Depr & Amort Exp) | 20.5 | 5 29.0 | 8.5 | 50.0 | 167.8 | 117.8 |

U.T. Arlington reported a year-to-date positive cash flow margin of \$29.0 million, an increase of \$8.5 million (42%) from the prior year. The increase was primarily attributable to the following: an increase in net investment income due to improved financial market conditions; and an increase in sales and services of educational activities as a result of an increase in the Center for Global Academic Initiatives program. The most current projection received from *U.T. Arlington* reflects a cash flow margin of \$167.8 million for the year.

| Cash Flow Margin (Excludes Depr & Amort Exp) | | 180.5 | 192.9 | 12.4 | 329.7 | 504.2 | 174.5 |

U.T. Austin reported a year-to-date positive cash flow margin of \$192.9 million, an increase of \$12.4 million (7%) from the prior year. The increase was primarily due to an increase in gift contributions for operations as a result of a large gift received from the Michael and Susan Dell Foundation, as well as an increase in pledges. The most current projection received from *U.T. Austin* reflects a cash flow margin of \$504.2 million for the year.

U.T. Dallas reported a year-to-date positive cash flow margin of \$38.0 million, a decrease of \$23.1 million (38%) from the prior year. The decrease was primarily attributable to a decrease in net student tuition and fees as a result of a decrease in graduate enrollment hours. The most current projection received from *U.T. Dallas* reflects a cash flow margin of \$114.0 million for the year.

U.T. Permian Basin incurred a year-to-date cash flow margin loss of \$2.1 million, an increase in loss of \$1.1 million (109%) from the prior year. The increase in loss was primarily attributable to a decrease in net student tuition and fees as a result of a decrease in enrollment and semester credit hours. The most current projection received from *U.T. Permian Basin* reflects a cash flow margin loss of \$1.5 million for the year.

U.T. Rio Grande Valley reported a year-to-date positive cash flow margin of \$1.5 million, a decrease of \$8.6 million (86%) from the prior year. The decrease was primarily due to the following: an increase in salaries and wages and payroll related costs attributable to an increase in staff and faculty positions; and an increase in operations, maintenance and travel as a result of a combined increase in professional fees and services and other contracted services due to increases in School of Podiatric Medicine consultants, transportation services, and Graduate Medical Education hospital contracts. The most current projection received from *U.T. Rio Grande Valley* reflects a cash flow margin of \$23.1 million for the year.

U.T. San Antonio reported a year-to-date positive cash flow margin of \$27.4 million, an increase of \$2.1 million (8%) from the prior year. The increase was primarily attributable to the following: an increase in net investment income as a result of improved market conditions; and an increase in gift contributions from operations due to an overall increase in gift revenue as compared the prior year. The most current projection received from *U.T.* San Antonio reflects a cash flow margin of \$84.1 million for the year.

Stephen F. Austin State University incurred a year-to-date cash flow margin loss of \$0.4 million, a decrease in loss of \$10.1 million (96%) from the prior year. The decrease in loss was primarily attributable to the following: an increase in nonexchange sponsored programs related to a timing difference in revenue recognition reported in fiscal year 2025 compared to the prior year; and an increase in net investment income. The most current projection received from Stephen F. Austin State University reflects a cash flow margin of \$1.7 million for the year.

^{*}Other Operating Income includes 30% of UTHET's net adjusted income which was \$0.5 million through December. U.T. Tyler's year-end projection includes \$1.8 million of UTHET's net adjusted income for the year.

U.T. Tyler reported a year-to-date positive cash flow margin of \$4.2 million, a decrease of \$7.2 million (63%) from the prior year. The decrease was primarily due to the following: an increase in operations, maintenance and travel attributable to an increase in materials and supplies related to increased pharmaceutical expenses; and an increase in salaries and wages and payroll related costs as a result of increases in faculty and staff positions. The most current projection received from U.T. Tyler reflects a cash flow margin of \$14.6 million for the year.

^{*}State appropriations and corresponding expense for TRB/CCAP for all U.T. institutions have been excluded.

Excluding OPEB, pension, and depreciation expense, *U.T. System Administration* reported a year-to-date positive cash flow margin of \$12.4 million, a decrease of \$146.1 million (92%) from the prior year. The decrease was primarily attributable to the following: a change in methodology that aligns the fiscal year-to-date net investment income reported to those budgeted as fiscal year-to-date excludes longer-term investment funds that were not budgeted as part of *U.T. System Administration*'s annual operating budget, which if restated, would have reflected a \$21.2 million increase from the prior year; a decrease in sponsored program revenue received for the Joint Admission Medical Program as the 2024-2025 biennium funding was all recognized in the prior year; and an increase in operations, maintenance and travel as a result of an increase in Permanent University Fund interest expense. The most current projection, excluding OPEB, pension, and depreciation expense, reflects a cash flow margin of \$245.9 million for the year.
