EXECUTIVE SUMMARY

Background: The Family Practice Residency Program (FPRP) is designed to enhance physician training and provide medical care to the under-served urban and rural areas of Texas. UTRGV operates the McAllen FPRP program and receives funding for the program under the provisions of the Texas Education Code, Chapter 61. The Texas Higher Education Coordinating Board (Coordinating Board) issued the Family Medicine Residency Program Guidelines for Funding Operational and Optional Rotation Programs pursuant to their responsibility for administration. These guidelines include a requirement for submission of an annual financial report (AFR) of FPRP revenues and expenditures along with an internal or independent auditor's opinion.

> In FY 2024, the McAllen FPRP operated on a budget of approximately \$3.4 million, including \$203,229 in program grant funding provided by the Coordinating Board. The grant amount is based on the residency program director's certification to the Coordinating Board that, as of September 1, 2023, twenty-five (25) full-time family medicine residents were physically present at the residency program and contractually obligated

to train in the program in FY 2024 for a minimum of six months.

Objective: To assess whether revenues, expenditures and the unexpended fund balance were reported accurately in the annual financial report and the funds were utilized in accordance with the Texas Higher Education Coordinating Board's Family Medicine Residency Program Guidelines for Funding Operational and Optional Rotation Programs.

Scope/Period: Coordinating Board Family Practice Residency Program funding and associated expenditures presented within the FPRP annual financial report for FY 2024.
