AUSTIN, TEXAS, February 3,1920

A brief meeting of the Board of Regents of the University was held just after lunch at the Driskill Hotel on February 3, 1920.

Present: Cook (Chairman), Kemp, Kelly, Dougherty, Stark, //and Wroe; President and Secretary.

- 1. SCHOOL OF MINES. The Board, on motion of Mr. Dougherty, seconded by Mr. Stark, ratified the action of Regent Kelly in offering the site of the old School of Mines near El Paso for \$30,000.
- 2. ADDITIONAL LAND. On motion of Mr. Dougherty, seconded by Mr. Kemp, the Poard authorized the Committee on Buildings and Grounds to purchase the Byrdson property, consisting of eleven lots between East 21st and E. 22nd Streets in Austin, for \$14,500.00, and the Ramsey place at 216 w. 27th St. for \$17,000, or in lieu of the latter purchase, to buy a lot and build a house for the President.
- 3. LITTLEFIELD AND BRACKENRIDGE. The Board instructed the Secretary, on motion of Mr. Dougherty, to send the telegrams of friendship and love to Major Littlefield and Colonel Brackenridge.
- 4. PRESIDENT TO VISIT GENERAL EDUCATION BOARD. On motion of Mr. Wortham, seconded by Mr. Wroe, the Board authorized the President to make a trip to New York for the purpose of conferring with the General Education Board with the view to securing participation in the recent gift to it by John D. Rockefeller of \$100,000,000.00 for educational purposes.
 - 5. ADJOURNMENT The Board adjourned.

a,

Chairman.

Secretary.

Austin, Texas, April 27, 1920.

The Board of Regents of the University were in regular session at the Main University on Tuesday morning, April 27, 1920. Present: Cook(Chairman), Brents, Stark, Steiner and Wroe; President Vinson and the Secretary. Mr. Kemp arrived later.

Chairman Cook called the meeting to order, The Secretary read the minutes of the special meeting held on February 3 and, oh motion of Mr. Stark, they were approved as read. The minutes of the meeting of November 6, 1919, having been mailed to each member, were approved without being read.

PRESIDENT'S REPORT.

The President presented his report, found elsewhere in these minutes, and the actions indicated below were taken with reference to matters presented by him.

- 1. MINERAL RIGHTS AND OIL ROYALTIES. Voted, on motion of Mr. Stark, seconded by Mr. Brents, to request the Legislature so to change the present statutes as to make lease money for mineral rights on University lands a part of the available University fund, to be expended for permanent improvements only, and royal ties a part of the permanent fund.
- 2. BUDGETARY POLICY FOR 1920-1921. On motion of Mr. Stark the Board instructed the President to make up the budget for next year on the basis of the scale recommended in his report, with the maximum salary of full professors to be \$6000 if possible, and to ask the special session of the legislature for an additional appropriation of \$550,000 for next year for the proper maintenance of the University.
- 3. CHANGES IN THE RULES AND REGULATIONS OF THE BOARD.
 Adopted, on motion of Dr. Steiner, seconded by Mr. Stark, the revision of Articles II, III, IV and V of the Rules and Regulations for the Government of the University of Texas, recommended by the President. (For copy see the Secretary's files).
- 4. SOCIALISM IN THE UNIVERSITY. Accepted, on motion of Mr. Stark, seconded by Mr. Brents, the report of the faculty committee appointed to investigate Professor A. B. Wolfe and ordered it filed with Secretary, and, furthermore, voted to regard this matter closed.
- 5. DEATH OF PROFESSOR EDWIN W. FAY. Voted, on motion of Mr. Stark, that the Board express its appreciation of Dr. Fay and its feeling of loss in his death, and that a copy signed by each Regent be sent to Mrs. Fay.
- 6. SUCCESSOR TO DR. FAY. Appointed, on motion of Mr. Brents, Mrs. Edwin W. Fay as Instructor in Latin for the spring term of the current year at a salary of \$500, and elected Dr. W.J. Battle professor of Classical Languages effective September 1, 1920, at the maximum salary of a full professor.
- 7. UNIVERSITY HALL. Voted, on motion of Mr. Stark, provided there are no difficulties arising from the terms of the gift, to convert B. Hall into an office and seminar building, and appropriated therefor the sum of \$45,000 or so much thereof as may be required.
- 8. ADDITIONAL LAND. Appropriated, on motion of Mr. Stark, the sum of \$7,500 for necessary repairs and alterations in the President's home at 216 W. 27th St., and instructed the Finance Committee to purchase such additional land in Austin as may be thought advisable.
- 9. ADDITIONAL TEMPORARY BUILDING. Transferred, on motion of Dr. Steiner, the sum of \$1000 from the Department of Electrical Engineering to the Division of Engineering of the Bureau of

Economic Geology and Technology for the erection of a small addition to the latter's present laboratory.

- 10. NEW ELEVATOR FOR MAIN BUILDING. Requested the President to investigate the possibilities in the way of providing a new elevator for the Main Building and to report at the June meeting.
- 11. OUTSIDE EMPLOYMENT FOR MEMBERS OF THE FACULTY. Adopted, on motion of Mr. Stark, the President's recommendation on this subject. (See page 3/3).
- 12. LEAVES OF ABSENCE. Voted on motion of Mr. Stark, a leave of absence for 1920-21 to Professor C. H. Cunningham and to Professor A. C. Judson for the fall and winter terms of 1920-21, both without pay.
- 13. SAM HOUSTON SCHOLARSHIP. Established, on motion of Mr. Brents, at the suggestion of the Secretary of War, a patriotic scholarship valid in any college or school of the University and carrying a stipend of \$300 a year and exemption from matriculation fees, this scholarship to be open only to citizens of Texas who are able to satisfy admission requirements, who have served honorably through an enlistment, who have received a character of "excellent" on their discharge, and who have been especially selected and recommended for the scholarship from among the enlisted personnel of the organizations of the United States Army, either serving in Texas or allocated to it, by the commanding officer of these organizations.
- 14. AMERICAN COUNCIL ON EDUCATION. Appropriated, on motion of Mr. Brents, \$300 for the membership fee of the University in the American Council on Education.
- 15. JOE ISHERWOOD CLAIM. Voted, on motion of Mr. Brents, that Mr. Isherwood be informed that there is no money available for his claim and that it should properly be made to the United States Government.
- At this point the Board adjourned for lunch until two o'clock.

AFTERNOON SESSION

The Regents reassembled at two o'clock, the attendance being the same as in the morning.

- 16. MEDICAL BRANCH. Voted, on motion of Mr. Stark, seconded by Mr. Brents, that it is the sense of the Board that the Medical Branch should be moved from Galveston and that the Chairman appoint a committee, including himself, to make further investigations and report at the May meeting. The Chairman appointed Messrs. Steiner, Stark, Brents, Wroe and the chair.
- 17. INJURY TO LABORATORY ATTENDANT. Appropriated, on motion of Mr. Brents, \$15 to defray the hospital expenses of a laboratory attendant in bacteriology, who punctured his finger in service.
- 18. COLLEGE OF MINES AND METALLURGY. Adopted, on motion of Mr. Stark, seconded by Mr. Brents, the recommendations of the President concerning the College of Mines and Metallurgy presented on page 346.
- 19. SUMMER SCHOOL BUDGET FOR 1920. Adopted, on motion of Mr. Stark, seconded by Mr. Wroe, the 1920 Summer School budget as itemized in the President's report.
- 20. TENNIS COURTS. Appropriated \$1500 to build new tennis courts on the Brydson lots in lieu of the courts spoiled by the new Engineering shops.

21. BLIND INSTITUTE PROPERTY. Voted, on motion of Mr. Brents, seconded by Mr. Wroe, to notify the State of the Board's desire to return to it the old Blind Institute property leased to the University.

22. A.M.P.O. FRATERNITY. Authorized the acceptance of a check from the A. M. P. D. Fraternity for \$5.00 in payment of the rental for five years from August 1, 1920, on the property at 925 Strand St., in Galveston, on the condition, however, that if the University should want to use the property before the expiration of that period it will have the right to do so and will refund a proportionate part of this money.

PRESIDENT'S REPORT

Austin, Texas, April 27, 1920.

To the Honorable Board of Regents, University of Texas, Austin, Texas.

Gentlemen:

I have the honor to submit the following report.

ATTENDANCE

Below will be found a table giving in detail the attendance in the various colleges and schools of the University for the current year as compared with the attendance for the two preceding sessions.

Main University

		1917-1918	1918-1919	1919-1920
Colle	te Department	64 1539 189 152	79 2051 491 178	123 2928 588 344
То	tal enrollment in the Main University	1944	2799	3983

	Mining Bra	anch		
Colle	e of Mines and Metallurgy		100	142
To	tal enrollment for the University	2267	3223	4481

No twi the tanding the enlargement of gross expenditures in the University for the current session, the unit cost of operation is perhaps lower than it has ever been in the history of the institution in actual number of dollars, and perhaps fully fifty per cent lower when the value of a dollar at the present time is taken that consideration.

ESTIMATED INCOME FOR 1920-1921

Unappropriated Balance from 1919-1920 (in \$185,000 due on the Camp Mabry account	cluding	. \$326, 347.00

	\$	1,603,305.00

BUDGETARY POLICY FOR 1920-1921

If the Budget for the session of 1920-1921 should be made up on the basis of the running expenses for the current year, the expenditures for the University as a whole, including the Main University, the Medical Branch, and the College of Mines and Metallurgy, will exceed the legislative appropriation by an amount slightly in excess of \$244.000. It is manifest, however, that the budget for 1920-1921 must be materially changed, particularly in the direction of an upward revision of the salary scale. The salary scale at present in effect is as follows: Instructors, \$1,400-\$1,600; Adjunct Professors, \$1,800-\$2,400; Associate Professors, \$2,500 \$3,000; Professors, \$3,250-\$4,000. On account of conditions prevailing throughout the country, it will be impossible to maintain the standards of the University in future if this salary scale is to remain in force. In the event that a flat twenty-five per cent increase in all salaries is allowed, the budget for 1920-1921 will exceed the legislative appropriation for that year by approximately \$475,000. Increases to this extent, and in many instances to as high as fifty per cent, have already been granted by most of the stronger institutions throughout the country. Along with this greater attraction to other universities the Board of Regents should consider the fact that there is a scarcity of adequately prepared faculty material, a fact which emphasizes the importance of a complete salary readjustment in the University of Texas. In the event this readjustment can not be made, we must be prepared to face the consequence of a practically depleted faculty. This is particularly true in the ranks of instructors and adjunct professors, upon whom our ability to build up the right sort of faculty for the future must inevitably rest. Already the president has been confronted with the necessity of accepting numerous resignations within these ranks, and in practically every instance the resignations are of those members of the faculty whose services we should by all means retain. I am strongly of the opinion, therefore, that a revision of the salary scale should be now adopted, and that the president should be instructed to prepare the budget for the session of 1920-1921 and the estimates for the next legislative biennium upon the following basis: Instructors, \$2,000-\$2,200; Adjunct Professors, \$2,400-\$3,000; Associate Professors, \$3,250-\$4,000; Professors, \$4,250 and upwards to such limit as may place the last rank upon the same proportionate footing a has heretofore obtained in institutions of like rank with the University of Texas. It would perhaps be wise

to fix the maximum full profesor's salary for the present at \$5,000; but, to preserve the proportions above referred to, the maximum salary for this rank should at as early a date as possible be placed at \$6,000. The adjustments just mentioned would amount in gross to an approximate twenty-five per cent increase in the total salary appropriation, but would give the largest percentage of increase to the lower ranks of the instructing staff who under the present circumstances feel most keenly the tremendous advance in living costs.

APR 27 1920

In addition to the requirements for salary advances. I desire to call the attention of the Board to the increased cost of all supplies for laboratories, power plant, etc. Even with the greatest regard to economy, the total additional appropriation needed to maintain the University for the session of 1920-1921 would probably not fall short of \$525,000 in excess of the legislative appropriation. In the event the legislature should appropriate the \$185,000 due on the Camp Mabry account, the Board of Regents may anticipate a total available fund balance for the next fiscal year of approximately \$640,000 over and above all appropriations heretofore made from this fund by the Board. Exclusive, therefore, of any request for additional appropriations by the legislature, aside from the amount of the Camp Mabry account. the beard would be able to make the adjustments above mentioned out of the University's present income. Indeed, as the estimates to be submitted to the Thirty-seventh Legislature for the next biennium, if the board should adopt the budgetary policy herein recommended, will exceed so materially any previous regislative appropriations, I am of the opinion that the board should consider seriously the expediency of requesting any appropriation at all from the anticipated special session of the legislature for the next fiscal year. It might be that, in view of like needs on the part of the other institutions of higher learning in the state and of the tremendous financial problem which is presented by the public schools of Texas, it would be wise for the Board of Regents to make no request for additional appropriations for the year 1920-1921 further than to undertake to secure legislative sanction of the budgetary readjustments above referred to and of the utilization of the available fund therefor, in order to furnish the basis for estimates for the next legislative biennium.

If the recommended revision in the salary scale should be adopted by the board, I recommend further that it be understood that advancements in rank to which certain members of the faculty are entitled by reason of service shall be granted, but that the adjustment shall be gradual so far as the salary pertaining to the higher rank is concerned.

As the balance of the Camp Mabry account is included in the available fund balance upon which the budget recommendations for 1920-1921 are based, I recommend that the president be directed to request the Governor to submit to the Legislature at the forthcoming special session the matter of reimbursing the University for this outlay. The board should instruct the president, further, to secure through the Governor and the legislature authority for the Board of Regents to make deed to the purchasers of the Penn Field property.

CHANGES IN THE RULES AND REGULATIONS OF THE BOARD

Approximately two years ago, the general faculty of the Main University and the faculty of the Medical Branch appointed committees to consider and report upon certain needed changes in the general organization of the University. These committees have been at work upon this matter to such extent as their other duties would permit, but have not as yet been able to report, and it is not anticipated that they will be able to report for at least another year. In the meantime, however, it is essential that some readjustments be made in order to secure a more closely knit organization, a wider distribution of responsibility, and particularly the relief of the president's office from the multitude of details which not only seriously hamper the president in his

proper business, but which in the present and prospective growth of the University can be better discharged by other officers. With these things in view, I have by mail submitted to each member of the board a copy of the attached proposed revision of the rules and regulations of the Board of Regents, and I now recommend that the amendments therein suggested be adopted, pending the reports of the faculty committees above referred to when they shall have been finally completed and recommended to the board through the proper channels.

SOCIALISM IN THE UNIVERSITY

At the last special meeting of the Board of Regents, the attention of the board was directed to the charges which had been made with reference to possible socialistic tendencies and teachings upon the part of Professor A.B. Wolfe, of the Department of Economics and Sociology. Acting under the instructions of the board, I appointed a committee of the general faculty, consisting of Deans John C. Townes and H.Y. Benedict and Professors E. C. Barker, Lauch McLaurin, C.G. Haines, C.W. Ramsdell, and E.T. Miller, to make a thorough investigation, including a probe of the specific charges made as well as a comprehensive study of the courses offered by Professor Wolfe, consultations with students in his classes, examination of the textbooks and collateral readings required, and the securing of an ex animo declaration from Professor Wolfe, in this connection. I take pleasure in transmitting to the Board of Regents herewith the complete report of the committee, together with a stenographic copy of the testimony secured as well as of letters bearing upon this question, and desire to call the attention of the board specifically to the findings of the committee as embodied in page 3 of its report. Upon the basis of the report it seems to me that this issue should be regarded as closed, and that these materials should be filed with the secretary of the board for future reference.

DEATH OF PROFESSOR EDWIN W. FAY

Since the last meeting of the board, the University has suffered a seemingly irreparable loss in the death of Professor Edwin W. Fay, for many years professor of Latin in this institution. Professor Fay's ideals and general and special devotion to the interests of the University were not only of a high order, but gave both to him and to the University a standing in the world of letters recognized both in this country and abroad. Such service should not be permitted to pass without a record of the appreciation in which such members of the faculty are held by its governing body, and I recommend that this expression by the Board of Regents be indicated to the general faculty for record upon its minutes.

With the death of Professor Fay, it has seemed to me that no more happy arrangement could be made for the maintenance in the future of the Departments of Latin and Greek upon the plane to which they had been elevated by Professor Fay and his colleagues than the selection of Professor W. J. Battle, formerly of this University, and now of the University of Cincinnati, to be professor of classical languages, effective September 1, 1920. I have indicated to Professor Battle my intention to recommend his appointment to this position at this meeting of the board and have received from his the assurance that he would accept the appointment in case my recommendation should meet with the board's endorsement. I therefore recommend that the board tender this position to Professor Battle, offering him the maximum salary of a full professor, effective as above.

To assist with the conduct of the work of the Department of Latin for the remainder of the current session, I recommend the appointment of Mrs. Edwin W. Fay as instructor in Latin for the spring term at a salary of \$500.

USE OF UNIVERSITY HALL

At the October meeting of the Board I suggested the con-

version of University Hall into an office and seminar building. In view of the crowded condition of all available buildings on the campus. I urgently recommend that this dormitory be remodeled for the purposes indicated, thus providing additional space. The estimated cost of the changes needed, according to figures furnished by the University architect, is approximately \$45,000. I recommend that this sum, or so much thereof as may be necessary, be appropriated for this work, so that the materials may be ordered and the work begun immediately after Commencement.

ADDITIONAL LAND

Under the instructions of the Board at its last meeting, the Finance Committee has purchased from Hon. W.F. Ramsey the property at 216 West 27th Street as a president's home. Certain alterations and repairs are needed in order to make this property suitable for the purpose for which it is intended, and I recommend that the sum of \$7,500, or so much thereof as may be necessary, be appropriated for the repair and alteration of the property.

I give below a list of certain offers of real estate near the University campus, and recommend that the Finance Committee be instructed to purchase such of the property as in its judgment the University may require, at such prices as may be agreed upon and at such times as the condition of the available fund may permit.

Brydson Bros	3,000.00	already already	purchase purchase	d)
Paul Sims	3,250.00 3,000.00		•	-
D.B. Gracy	3,500.00 2,850.00			
R. M. Thompson	2,100.00	\$ 49,20	0.00	

ADDITIONAL TEMPORARY BUILDING

The work of the Engineering Division of the Bureau of Economic Geology and Technology has grown to such an extent that it is impossible to conduct the work properly in the space at present available. The resident architect estimates that a suitable addition on the north side of the present laboratory can be constructed for the sum of \$1,000. I recommend, therefore, that the appropriation of a like amount made be the board in its annual budget on June 9, last, for an illumination laboratory for the Department of Electrical Engineering be transferred and made available immediately for this new purpose.

NEW FLEVATOR FOR THE MAIN BUILDING

The liability companies have refused to carry longer insurance upon the elevator now installed in the Main Building of the University, making it necessary to purchase a new elevator for this building. I have looked into the matter carefully, and find that a new elevator can be installed at an approximate cost of \$7,000. As the new elevator can, in the event of a new Main Building, be transferred and continued in service, I recommend that an appropriation for its immediate purchase be made.

OUTSIDE EMPLOYMENT FOR MEMBERS OF THE FACULTY

Professor J. M. Bryant, of the Department of Electrical Engineering, in accordance with the regulations of the Board, requests approval of his employment by the Hartford Steam Boiler In-Spection and Insurance Company as an expert witness in its case against the Cameron Cotton Compress Company and by the Austin Street Railway Company in the matter of boiler tests and rate ahalyses. In the boiler-testing work, Professor H.C. Weaver, of the Department of Mechanical Engineering, was associated with Professor Bryant. I recommend that these cases of employment be approved, as they will serve to furnish interesting problem material for the classes in engineering.

For several years, Professor Spurgeon Bell, of the Department of Business Administration, has advocated the establishment of a Bureau of Business Research, in order that the faculty and students of this department might have opportunity to study at first hand actual business problems. This opportunity is now available without expense to the University by allowing Professor Bell to change his vacation period from the summer to the winter term and to engage during the winter months in private practice as federal tax adviser. The arrangement can be made with only a slight alteration in the work of the department, and will vitalize the accounting courses offered in the University. I recommend, therefore, that the president be empowered to arrange with Professor Bell in such manner as will protect the general interests of the University.

LEAVES OF ABSENCE

Upon the request of Professor C. H. Cunningham, I recommend that he be granted leave of absence for the session of 1920-1921, without pay, provided a satisfactory substitute can be found to carry on his work during his absence.

Upon the same conditions, I recommend a leave of absence without pay, for Professor A. C. Judson for the fall and winter

terms of the session of 1920-1921.

PATRIOTIC SCHOLARSHIP

I am transmitting to the board herewith a letter from the Secretary of War under date of March 3. In accordance therewith, I recommend that a scholarship of \$300 carrying with it exemption from matriculation fees, be established in the University of Texas and named in honor of General Sam Houston, and that the president be authorized to communicate this action to the Secretary of War.

AMERICAN COUNCIL ON EDUCATION

Attached I am submitting to the board a bill from the American Council on Education for the membership fee of the University of Texas for the year 1919-1920. The work of the Council is deserving of the University's support, and I recommend that an appropriation of \$300 be made to cover this charge.

BUREAU OF EXTENSION

On account of the largely increased cost of printing, the printing appropriation for the Extension Teaching Division of the bureau has proved inadequate for the needs of this division. I recommend, therefore, upon the request of the director of the bureau, that \$500 be transferred from the traveling expense item to the printing account of the division.

JOE ISHERWOOD CLAIM

I am transmitting for the consideration of the Board a request from Mr. Joe Isherwood, Sr., for an appropriation by the Board of Regents to compensate him for an injury received by him while employed as storeroom attendant during the operation of the School of Military Aeronautics.

MEDICAL BRANCH

Certain conditions have arisen at the Medical Branch of the University which need the immediate attention of the board.

(1) The report of the dean indicates that the maximum number of freshmen that can be accommodated in the laboratories is eighty. A careful canvass shows that upwards of eighty premedical students are now at the University intending to enter the Medical Branch next session. Ordinarily, the Main University furnishes approximately seventy-five per cent of the freshmen who matriculate at Galveston. The indications are, therefore, that some additional laboratory accommodations must be prepared by next session, or the number to be admitted must be limited. This limitation might be

brought about partly by charging tuition in the sum of \$100-\$150 for students who desire to enter from outside the State of Texas. This, in my opinion, should be done in any event, as it is in accord with the practice of the best medical colleges of the country and is not illegal so far as I can ascertain. Limitation of matriculation may also be secured by further raising the standards of the Medical Branch and requiring entrance examinations. In doing this, however, we should be not only acting contrary to the previous policy of the University but indicating that in our judgment, too many physicians are being produced, an inference which is of course untrue. I am of the opinion, therefore, that no limitation should be imposed other than that recommended above and a more strict adherence to present standards upon the part of the registrar, and that, if possible, some immediate temporary construction be authorized, so that all proper applicants may be received.

(2) In my deliberate judgment, formed after four years of observation, the entire present plant of the Medical Branch must in the very near future be abandoned. Action can not be indefinitely postponed without grave injury to the work of the Institution. The seawall has been extended by the City of Galveston and the United States Government to the east of the present location of the Medical Branch and the John Sealy Hospital for a distance of a mile or more, and very much of what was waste and unoccupied land has been reclaimed and made available particularly for commercial purposes. Two tank farms have been constructed by oil companies immediately to the east of the John Sealy Hospital, railroad tracks have been laid along the whole length of the Medical Branch property on the north, and the constant passage of trains and shifting of cars make it impossible for any teaching to be done on the north side of the buildings, as well as render many of the finer laboratory instruments unavailable for service through the constant jarring of the ground. If the University of Texas is to maintain a successful medical branch, the change indicated must be made on these accounts as

well as others which are equally apparent. In spite of the fact that the operation of the John Sealy Hospital for the last fiscal year of that institution necessitated an expenditure of \$47,000 over and above the gross income received, the present city commission of Galveston has appropriated for the present fiscal year only \$10,000. Last year, the \$47,000 referred to was paid by a city appropriation of \$30,000 and a donation of \$17,000 by Mr. John Sealy. The action of the present city commission seems to me to be in direct violation of its contract of lease with this board, a copy of which is here to attached, and in which I desire to call to the special attention of the board the following language, as found in the second paragraph of Section 8, on page 7: "The party of the second part agrees and binds itself to make yearly adequate appropriations for the care of the indigent sick of said city in the John Sealy Hospital and for the maintenance, support, and operation of the said John Sealy Hospital during the full term of this lease." I am also attaching a complete statement of the auditor of the John Sealy Hospital, showing in detail the receipts and disbursements of that institution for the period of twelve months ending February 29, 1920. It is manifest that the hospital can not be adequately maintained upon the basis of the present appropriation by the city commission. It is also manifest that this board can not look to private subscriptions for the maintenance of the Hospital, but that, under the contract, the Galveston city commission should be required to appropriate the total anticipated deficit in the Hospital budget, reimbursing itself out of any donations which citizens of Galveston may see fit to make. It is equally manifest that the clinical classes in the Departmentsoof Medicine and Surgery for the next academic year will be seriously depleted unless adequate hospital facilities can be provided. I recommend, therefore, that the board appoint a special committee of three, and instruct this committee to proceed at once to Galveston with the president to lay these matters before the Galveston city commission and endeavor to secure compliance with the terms of the contract of lease, and to report to this board at the next meeting, in Galveston, on May 31, the action taken by the Galveston city commission and the recommendations of the committee thereon.

SUMMER SESSION BUDGET FOR 1920

On the following pages will be found the summer session budget for 1920. The revised schedule of salaries was adopted by the board at its meeting last October, and it only remains for the board to approve the various appointees recommended.

· · · CONCLUSION

It may not be amiss before closing this report to apprise the board that this is the conclusion of my fourth year of service as president of the University, and to record my appreciation of the sympathetic manner in which my efforts toward its development have been met by the board and by all the faculties, and of the seemingly increasing appreciation of the institution upon the part of the people of Texas. I anticipate, in the event the board should adopt the changes in University government contained in this report, that additional time will be permitted the president in which to build up public interest in and sympathy with the University upon the part of the people of the State. The development which it remains for this institution to overtake would be appalling were it not so exceedingly attractive and filled with so many elements of hopefulness. To provide adequately for the present student body, the campus grounds, the instruction and residential buildings, and the other equipment now necessary, call for an expenditure of a sym of money of such proportions as to be discouraging under present laws and interpretations of the state constitution. Such a sum can not be placed at less than seven and a half to ten million dollars. But the development of such a physical equipment, if postponed into the future will reach proportions so much greater as to impose a burden upon the generation which undertakes to provide these facilities far beyond what in fairness it ought to bear. In these exigencies, I can not too greatly stress the importance of proceeding at once to the supplying of adequate facilities for the present attendance at the University, so that annually thereafter the physical development of the institution may keep pace with the growth of its student population. This board should lose no opportunity to present to the people of Texas the vision of the possibilities which are before this institution. Upon the basis of previous experience, it seems certain that within five years from this date the attendance at the Main University will be not less than 7,500 individual students in the long session. Indeed, there seem to be no limits which hay be set to the service which can be rendered to the state through this agency, for the probabilities are that no state in the Union possesses the outlook which in the near future will become a reality in Texas.

Respectfully submitted,

Robert Ernest Vinson,

President.

Frederick Mo	Allister	350.00 75.00	825.00

It should be further noted, in this connection, that the report of the dean of the Medical Branch and the reports of the various clinical professors indicate so serious a decline in the amount of clinical material available for instruction in the John Sealy Hospital and in the City of Galveston as to make it necessary for this board to consider whether the facilities necessary for the rapid growth of the institution can be found in the City of Galveston in future. A recent inspection by the General Education Board discloses that the Medical Branch of the University is being maintained upon a splendid basis of efficiency, but at the same time throws out the warning that it has perhaps more than reached the limit of its development in its present location. In this connection, the attention of the board is called to the recent action of the general advisory committee on educational matters appointed by Governor Hobby in requesting the Governor to appoint a special committee of the legislature to consider, in cooperation with a suitable committee of responsible physicians, the needs of the Medical Branch not only for the present but for its future development.

Several weeks ago, the laboratory attendant in bacteriology, while cleaning up some trash, accidentally punctured his finger with a capillary pipette that had been used for bacteria, and as a result had a badly infected hand. As the University has no provision for caring for employees who may be hurt in the line of duty, I recommend that the hospital bill incurred by the attendant, amounting to about \$15, be paid out of the contingent fund of the Medical Branch.

COLLEGE OF MINES AND METALLURGY

In order to bring the standards of the College of Mines and Metallurgy more nearly to the level of the College of Engineering of the Main University, I recommend the following actions by the Board of Regents.

(1) That the standard of admission be fifteen high school units selected from the list of subjects and units that may be offered for admission to the College of Engineering, with the restriction that three of these units must be presented in English, two in history, or in history and civics, two in algebra, and one in plane geometry.

(2) That, until further notice, students be admitted conditionally if they present only thirteen units, including the units prescribed above, the deficiency to be made good.

(3) That the affiliated school scholarships now granted by the Board of Regents in the College of Arts and Sciences, the School of Education, and the College of Engineering be granted also in the College of Mines and Metallurgy.

(4) That, upon the completion of the regular four-year curriculum, the degree of Bachelor of Science in Mining Engineering be awarded, the degree of Mining Engineer to be conferred only after the graduate has had at least two years of successful experience in mining or metallurgy and has presented a thesis acceptable to the members of the faculty who may be appointed to pass upon it.

In order that the College of Mines and Metallurgy may be represented at the athletic meeting, in May, at Roswell, N.M., of the five principal higher educational institutions of the Southwest, I recommend that \$75 of the College's available fund be set aside to pay the expenses of a delegate for this purpose. At this meeting, various rules and regulations governing the eligibility of students for athletic teams will be discussed and settled, and it is essential to the interests of the College that a representative be present when these matters are taken up.

To prevent overdrafts in a number of the accounts of the College, I recommend the following additional appropriations transfers:

(1) An additional appropriation of \$200 from the College available fund to supplement the Contingent account.

(2) An additional appropriation of \$100 from the College available fund to supplement the Chemistry and Assaying account.

(3) The transfer of \$80 from the Campus account to the

Janitors' Supplies account.

(4) The transfer of \$6.80 from the Insurance account to the Office Expenses account.

MISCELLANEOUS

A989

1. MAJOR LITTLEFIELD. The Board voted unanimously to send by Mr. Wroe to Major Littlefield a message of friendly interest and good wishes.

2. BUILDING PLAN. The Board requested the President to prepare a statement for presentation to the Special Session of the Legislature in May with reference to a plan for providing the University with buildings.

3. INDUSTRIAL EDUCATION IN SUMMER SCHOOL. The Board appropriated \$550.00, on motion of Mr. Brents, for industrial education in the summer school this year, as follows:

\$ 550.00

The Federal Government will provide an equal sum.

4. EXECUTIVE COMMITTEE REPORTS. The Board ratified the following actions taken by the Executive Committee since the last meeting:

January 12, 1920.

(1) The appointment of Dr. Ethel Lyon Heard as University physician for women, effective January 1, 1920, at a salary of \$5,000.00 a year, she to devote her time exclusively to practice among the University students and faculty, to be attached to the physical training staff for women and to make the necessary physical examinations and otherwise afd professionally in the development of that work.

(2) The employment of Miss Jane Duffy as director of the courses in public health nursing, effective January 1, at a salary of \$2,000 a year. Other necessary expenses in con-

nection with this work are as follows:

director of vocational and industrial education renders necessary additional traveling expenses, and a small amount for contingent expenses should also be provided, as follows:

Additional traveling expenses..... \$550.00 Incidental expenses..... 200.00

(4) Appropriated \$200.00 to cover the University's share of the expenses of the Rural Life Conference held last summer under the auspices of the State Department of Education.

(5) Appropriated \$1,560 to campus laborers' wages fund to provide increases of from \$5.00 to \$15.00 in their monthly pay.

(6) The advance of Mr. W.M.W. Splawn from adjunct professor of Economics to associate professor at a salary of \$3,000, effective January 1, 1920.

(7) President authorized to employ at least three additional instructors in English at salaries for the remainder of the year of from \$900 to \$1200.

(8) Appointment of Mr. C. M. Cleveland to assist in conduct of work in Applied Mathematics at a salary of \$1,600 a year effective the day he reports for work.

(9) Transfer of Mr. J. W. Calhoun from School of Pure Mathematics to School of Applied Mathematics at same rank, but with increase of \$250.00 in salary for this year.

- (10) Appropriated an additional \$205.00 to library book fund to reimburse it for this amount which was used the past summer to cover books ordered by School of Pure Mathematics before the war.
- (11) Transfer of \$90.00 from the public lecture fund to the printing and advertising account.
- (12) President empowered to authorize increases in salaries of student assistants as may be necessary.
- (13) The University to contribute its pro rata of \$300.00 to the American Council on Education.
- (14) The appointment of Professor Daniel A. Penick to succeed Mr. Thomas Fletcher as head of the Extension Teaching Dian, vision, at a salary of \$3,600 a year, beginning January 1.

 Increased salaries of the following, effective

January 1, 1920:

Mrs. M.W. Doak, Secretary of Department of Extension, from \$125.00 to \$150.00 a month.

tension, from \$125.00 to \$150.00 a month.

Miss Julia E. Vance, registrar of Extension Teaching Division, from \$125.00 to \$150.00 a month.

Miss Kate Feuille, assistant extension loan librarian, from \$83.33 to \$100.00.

Department of Medicine

(15) Appointment of Dr. William E. Huddleston to succeed Dr. Aves as instructor in Surgery, effective January 1, at a salary of \$600.00. The salary of Dr. Andronis reduced to original amount provided.

Increased salary of Dr. M. D. Levy from \$2500.00 to \$3000.00 a year.

Department of Mines & Metallurgy

(16) The appointment of Mr. W. H. Seamon as professor of Geology and Mining to succeed Mr. H. D. Pallister; and of Mr. Arthur Pearson as instructor in physics, effective January 1, at a salary of \$1,600.00

January 29, 1920.

- (1) The advance of Mr. W.H.W. Splawn to a full professorship at a salary of \$3,250, effective January 1, 1920.
- (2) The increase in salary of Mr. Webb from \$1,600 to \$2,000 and of Mr. Hackett'from \$1,800 to \$2,250, effective January 1.
- (3) The appointment of Mrs. J. O. Lofberg, at a salary of \$1,000 and Mr. J.R. Spell, at a salary of \$933.33, effective January 1, for the remainder of the session.
- (4) The appointment of Mr. T. V. Smith as tutor in Philosophy for the winter and spring terms at a salary of \$400.00. for this eriod.
- The appropriation of \$100.00, or so much thereof as may be necessary to cover the cost of the psychological tests made by the School of Philosophy. and Psychology.
- (5) A Leave of absence without pay granted to Mr. Frank M. Stewart, instructor in School of Government, and secretary of Bureau of Government Research, to do graduate work in Columbia University and in Bureau of Municipal Research of New York City from June 1, 1920 to September 1, 1921, a temporary instructor to be found to care for Mr. Stewart's work.
- (6) The appropriation of \$375.00 to cover the salary of Miss Margarete Carleston for the remainder of the current session, the unprecedented enrollment of the present session having made in necessary additional assistance in the Registrar's Office..
- (7) The increase in the salary of Mr. Walter Hall from \$1,200 to \$1,500 a year, effective January 1.

- (8) The appointment of Mr. Marion. J. Levy to succeed Dr. Dick P. Wall as Lecturer in Medical Jurisprudence in the Department & Medicine, at a salary of \$500.00.
- (9) The diverting of the remainder of the salary of Mr. C.E. Van Gent to Mr. B. M. Whitaker, who has taken over Mr. Van Gent's work since his resignation.
- (10) The appointment of Mr. Henry H. Hammer to relieve crowded condition in the School of Pure Mathematics, at a salary of \$300.00 for the remainder of the current session.
- (11) The appointment of Miss Vida L. Collins, as instructor in English at a salary of \$900.00 for the remainder of the current year.
- (12) The making available of \$4200.00 to cover a deficit of that amount in the Medical College.
- (13) The increase in the salaries of the laboring class on the University campus, making necessary an appropriation of \$3,844.

\$ 482.50

February 16, 1920.

Main University

- (1) Appropriation of \$500.00 to cover the cost of dedicatory exercises of Education Building.
- (2) The appointment of Miss Lena Mae Bonner to assist in work of School of Home Economics, effective February 9, at a salary of \$125.00 a month, for such time as circumstances may make necessary.
- (3) The appointment of J.L. McGee as storeroom and laboratory assistant in the School of Chemistry to succeed Mr. L.P. Clabaugh, at a salary of \$85.00 a month, effective February 1. Salary of W.H. Graeter increased from \$50 to \$60 a month.

Departm at of Medicine

- (4) The appointment of Miss Margaret McArdle as registrar of the John Sealy Hospital at a salary of \$1,200, effective February 18.
- (5) a. Appointment of Dr. Titus H. Harris as instructor in Clinical Medicine, effective February 1, to succeed Dr. A.B. Pritchett.

b. The appropriation of \$100.00 for equipment and supplies for the Department of Dermatology and Syphilology.

c. The appointment of Miss Mary I. Vaughan as instructor in Invalid Cooking at a stipend of \$100.00, to be paid out of the contingent fund of the School of Nursing.

d. Dr. Violet H. Keiller relieved of instructional duties in experimental surgery, effective February 1, and the increase in her salary made for this purpose to cease on January 31. The duties of the position transferred to Dr. W.E. Huddleston, who will receive the increase voted to Dr. Keiller.

(6) Establishment of fee of \$5.00 for second year in Pharmacology, for the junior year in Micro-Chemistry, and for the senior year in Experimental Surgery. Diploma fee in the Schools of Medicine and Pharmacology increased from \$2.50 to \$5.00.

Department of Mines & Metallurgy.

(7)a. The transfer of \$26.00 balance in the furniture account and of the 63 cent balance in the contingent account to the janitors' supplies account.

b. The appropriation of \$800.00 from the fee account to supplement the fuel, light, and water appropriation which is practically exhausted.

c. The additional appropriation of \$150.00 to contingent expense account from the fee account for repairs, blumbing, etc.

d. The appropriation of \$200.00 from the fee account for additional classroom chairs.

Bureau of Economic Geology and Technology

(8) The appropriation of \$7,500 additional to the contingent appropriation of the Division of Economic Geology of the Bureau of Economic Geology and Technology for the publication of a number of timely bulletins with reference to the oil and other mineral possibilities of various parts of our state.

March 17, 1920.

The appropriation of \$2,500 for the construction of a house boat to furnish movable dressing rooms and diving platforms for the women students.

March 23, 1920.

(1) The transfer of \$800 of the \$1000 contingent fund

- for the School of Home Economics to the traveling fund and \$200 to the printing fund.
- (2) The increase in the salaries of the instructors in nursing from \$85 to \$100.00 a month, beginning April 1.
- (3) The increase in the salary of Miss Maureen Taylor from \$780 to \$900, effective March 1.
- (4) The fees for the Department of Engineering during the summer session to be the same as in the College of Arts and the Department of Education, and the fees for the Department of Law to be the regular registration fee of thirty dollars, less the amount of registration fees already paid.
- (5) The president authorized to approve requests for the granting of degrees in absentia.
- (6) The appropriation of \$500.00 for the erection of fire escapes on the buildings in Galveston occupied by the colored hospital and the hospital for crippled and deformed children.

The Board adjourned.

A989

GAV. COM

Chairman,

Secretary.

Austin, Texas, June 7,1920.

The Board of Regents of the University of Texas met in the office of the President at ten o'clock on the morning of Monday, June 7, 1920. Present: Regents Cook (Chairman), Kemp, Kelley, Dougherty, Stark, Steiner, Wortham, and Wroe; President Vinson; and the Secretary.

JUN 7 1920

On motion of Mr. Kemp the minutes of the April meeting of the Board were approved on the basis of the copy furnished each member.

I. PRESIDENT'S REPORT

the Regents

The President read his report, found elsewhere in these minutes, and took the actions indicated below concerning the respective items presented therein.

- 1. DEGREES AT MAIN UNIVERSITY. Authorized, on motion of Mr. Stark, seconded by Mr. Kemp, the conferring of degrees as recommended by the respective deans.
- 2. MEDICAL AND MINING DEGREES. Ratified, on motion of Mr. Kemp, seconded by Mr. Wroe, the action of a committee of the Board, in the absence of a quorum at the Galveston meeting, in awarding degrees at the Medical and Mines Branches of the University as shown on pages 366+367 of these minutes.
- 3. CHANGE IN DEGREE REQUIREMENTS. Voted, on motion of Mr. Stark, seconded by Mr. Kelley, to increase the requirement for the degree of Bachelor of Science in the several engineering departments from twenty-one to twenty-two courses.
- 4. DEGREE OF BACHELOR OF MUSIC. Voted, on motion of Mr. Stark, seconded by Mr. Kemp, to offer the degree of Bachelor of Music, provided there shall be no expansion of the faculty of the Music Department, at least for next year.
- 5. J. E. WHITSELLE NAVARRO COUNTY STUDENTS! FUND. Amended, on motion of Mr. Stark, seconded by Mr. Kemp, the deed of gift of the J. E. Whitselle Navarro County Students' Fund so as to permit Mrs. Whitselle to appoint the beneficiary during her lifetime.
- 6. LEAVES OF ABSENCE. Granted, on motion of Mr. Stark, seconded by Mr. Kelley, a leave of absence, without pay, to J. W. Beede from June 1, to November 1, and in case of necessity for an additional period not to exceed two months; and to A. A. Bennett for the session of 1920-1921.
- 7. OLD BLIND INSTITUTE BUILDINGS. Voted, on motion of Mr. Stark, seconded by Mr. Kelley, not to return the Old Blind Institute property to the State at this time and to rescind the appropriation made for the repair of Brackentinge Hall.
- 8. DIRECTOR OF EXTENSION. Elected, on motion of Mr. Stark, seconded by Mr. Kemp, Superintendent T. H. Shelby, of Tyler, Texas, Director of University Extension, effective January 1, 1921, at an annual salary of \$5000.00, provided he meanwhile secure his M. A. degree from Columbia University and make a close study of extension work as conducted by notably successful institutions throughout the United States, the University to defray his traveling expenses in doing the latter, not to exceed \$500.00
- 9. THE WRENN LIBRARY. Adopted, on motion of Mr. Dougherty, seconded by Mr. Stark, the recommendations of the President in this connection and ordered a copy of the catalogue of the Wrenn Library presented to Major Littlefield, Colonel Brackenridge, President Vinson, Mr. Harold B. Wrenn, and Mr. Thomas J. Wise.

- on motion of Mr. Wortham, seconded by Mr. Kemp, the recommendations of the President with respect to the Medical Staff of the University for next year, with the exception of item No. 7, concerning which the President will make a special report later. The vote stood:

 Aye-Kemp, Wortham, Wroe, Steiner; No-Stark, Kelley, Dougherty.
- permission, on motion of Mr. Dougherty, seconded by Mr. Kemp, to R. G. Tyler, Associate Professor of Highway and Sanitary Engineering, to engage in engineering work of a consulting nature in addition to his regular University work, provided his outside work shall at no time interfere with his University duties.
- 12. MEDICAL BRANCH. Voted (a) on motion of Mr. Dougherty, seconded by Mr. Kemp, to charge a tuition fee of \$150 per annum of each student entering the Medical Branch who is not a resident of Texas; (b) on motion of Mr. Dougherty, seconded by Mr. Kemp, not to give permission to Mr. W. T. Garbade, AssociateProfessor of Chemistry in the School of Medicine, to conduct a prescription pharmacy and to continue his University work; (c) and, on motion of Mr. Stark, seconded by Mr. Kemp, to appropriate \$3000 for the construction of a temporary building very much needed for next year.
- 13. ADDITIONAL APPROPRIATIONS FOR 1919-1920. Made, on motion of Mr. Stark, seconded by Mr. Kemp, the appropriations recommended by the President on p.371 of his report, and transferred certain balances in the accounts of the four musical organizations, as follows: University Band, \$2.90; Chorus, \$1.50; Men's Glee Club, \$15.17; Women's Glee Club, \$9.00; amounting to \$28.57 to the contingent fund of the School of Music.
- 14. BUDGET FOR 1920-1921. Adopted, on motion of Mr. Kemp, seconded by Mr. Wortham, the budgetary recommendations made by Mr. Wortham, the budgetary recommendations made by Mr. Wortham, the budgetary recommendations made by the President on p. 371 of his report, and, on motion of Mr. Wroe seconded by Mr. Wortham, the detailed budget presented by the President. Mr. Stark requested that he be recorded as voting (No", for the reason that he is unwilling to vote for so large a measure without detailed discussion.

DEPARTMENT OF MINES AND METALLURGY

Mining Engineer

Fred Whiston Bailey Walton Haralson Sarrels Oscar Carl Rheinheimer John Fredrick Schaffer Roleine Byron Tipton

PRESIDENT'S REPORT

THE UNIVERSITY OF TEXAS, AUSTIN

June 7, 1920.

To the Honorable Board of Regents, University of Texas, Austin, Texas.

GENTLEMEN:

I have the honor to submit the following report:

DEGREES

I recommend that the degrees indicated on the attached

lists be awarded by the Board to the several candidates, who have received the approval of the general faculty of the Main University.

I recommend, further, that the action of Regents Cook, Bfents, and Steiner in authorizing the degrees in the Medical Branch in accordance with the official list furnished by the Medical Faculty, and in the College of Mines and Metallurgy in accordance with the recommendations of the faculty of that bfanch, be approved.

CHANGE IN DEGREE REQUIREMENTS

In accordance with the action of the engineering and general faculties, I recommend that the requirement for the degree of Bachelor of Science in the several engineering departments be raised from twenty-one to twenty-two courses. The engineering faculty is at present engaged in revising the various curricula, which will later be submitted to the general faculty for its approval.

DEGREE OF BACHELOR OF MUSIC

The general faculty has recommended the establishment of the degree of Bachelor of Music, to be conferred upon the completion of a scheme of work to be later prescribed by the general faculty. I recommend that this degree be authorized, provided the courses therefor shall be carried for at least the coming year without additional appropriations for instruction or maintenance.

J. E. WHITSELLE NAVARRO COUNTY STUDENTS! FUND

Mrs. J. E. Whitselle, the donor of the J. E. Whitselle Navarro County Students' Fund, requests that paragraphs 5 and 6 of the deed of gift be so amended as to give her the privilege of appointing the beneficiary during her lifetime, instead of the first year only. I recommend that the desired amendment be authorized by the Board.

-LEAVE OF ABSENCE

To enable Mr. J. W. Beede, Geologist in the Economic Geology Division of the Bureau of Economic Geology and Technology, to take advantage of an opportunity to explore the Mackenzie River region, I recommend that he be given leave of absence without pay from June 1, to November 1, and, in case of necessity, for an additional period not to exceed two months.

I recommend that the leave of absence extended to Professor A. A. Bennett for the current session be extended for the year 1920-1921. Professor Bennettis engaged on an addinance textbook for the War Department, a part of which has recently appeared.

OLD BLIND INSTITUTE BUILDINGS

Certain conditions have arisen which seem tome to make it advisable for the Board not to surrender at the present time its possession of the Old Blind Institute buildings. I am of the opinion, also, that it will be unnecessary to make the changes in Brackenridge Hall which have heretofore been ordered by the Board, and I recommend, therefore, that the recent appropriation for this latter purpose be rescinded.

DIRECTOR OF EXTENSION

I desire to nominate as the Director of University Extension Mr. T. H. Shelby, now superintendent of schools at Tyler, Texas, a gaduate of this institution, former president of the Texas State Teachers' Association, and, on account of his relationship to the public schools in this state and the possession of administrative ability of high order, eminently qualified in

my judgment to fill this position in the University. The election of Mr. Shelby is to become effective June 1, 1921, at a salary of \$5,000 a year, upon the condition that Mr. Shelby shall spend the time between now and the date of assuming his duties here in securing his Master's degree at Columbia University, or elsewhere, and in making a close study of extension work as conducted by notably successful institutions throughout the United States. I have indicated to Mr. Shelby that any traveling expenses incident to this study of extension work during the period mentioned will be paid by the University, and request the Board's approval of this action and its authorization of these payments. I think that the entire amount will not exceed \$500 for the year.

THE WRENN LIBRARY

It is a pleasure to call the attention of the Board of Regents to the completion and arrival at the University of the Catalogue of the Wrenn Library, a copy of which is herewith submitted for the inspection of the Board. The thanks of the Board of Regents for this work are due to Mr. Harold B. Wrenn, who has spent approximately a year in England supervising the publication of the Catalogue, which, as the Board remembers, is largely at Mr. Wrenn's expense, his gift of \$12,000 for this purpose being supplemented by a gift of \$8,000 from Mr. George W. Brackenridge. I recommend that the formal thanks of the Board be extended to Mr. Wrenn forhis painstaking diligence in this matter, and also to Mr. Thomas J. Wise, of London, for the assistance which he has rendered both to Mr. Wrenn and to the publishers of the Catalogue.

I recommend, further, that the president be authorized to appoint a committee of the faculty to prepare a list of the institutions and libraries which are to receive sets of the Wrenn Library Catalogue with the compliments of the University of Texas.

Suitable action has already been taken by the Board expressing the grateful appreciation of the University to Major George W. Littlefield for the gift of the Library and for the major part of the equipment of the present beautiful room in which the Library is housed, and to-Mr. Brackenridge for his gift of \$8,000, which makes it possible for the University to present the Catalogue to the great institutions and libraries of

Further than this, I have recently been apprised of the gift to the University by Mr. Wise of certain privately issued editions of Swinburne, Browning, the Brontes, and Borrow, which are to be added to the Wrenn collection, and have conveyed to Mr. Wise a letter expressing our appreciation of his gift. I now recommend that the Chairman of the Board be directed to express to Mr. Wise the official thanks of the Board of Regents.

MEDICAL STAFF OF THE MAIN UNIVERSITY

During practically the whole of this year, much of the time of the president has been involved in an effort to make a satisfactory adjustment of the medical care of students of the Main University, so as to relieve the institution of the friction at present existing among the representatives of the medical profession in Austin and elsewhere, and at the same time to secure proper attention to the physical welfare of the students of this institution. The following recommendations are the outcome of my deliberations in this matter, and will serve, in my judgment, to accomplish the results above indicated:

1. I recommend that the medical fee for all students in the Main University be increased from three to five dollars, for each long session, effective September 1, 1920.

2. I recommend, further, that this fee cover all physical examinations required of students subject to physical training upon their entrance each year to the University; all cases of illness of students arising during their connection with the University, it being understood that students shall have the privilege of choosing physicians other than the University staff if their parents or gardians so desire; all surgical operations of students arising from acute conditions de-

veloping after registration in the University; and all hospital and other expenses incident to illness by students in residence. 3. I recommend, also, that three physicians be ap-

JUN 7 1920

pointed by the Board of Regents, at a salary of \$5,000 each, on a twelve-month basis, effective September 1, 1920, who shall devote their entire time to the interests of the students of the University during the summer as well as the long session.

4. As physician-in-chief, directly responsible to the president for the administration of this agency of the University, I recommend Dr. C. W. Goddard, at present Texas State Heal th Officer, a graduate of the University of Louisville, and of the University of Louisville Medical College, a physician of long experience in practice, and, according to my best information, most cordially approved by the leading members of the profession in Texas. Dr. Goddard has generously devoted two years of his time to the services of the state, and has placed the State Heal th Department upon a plane which meets the thoroughgoing approval of the citizenry of Texas.

5. As physician for men, I recommend the appointment of Dr.C. S. Gates, and, as physician for women, Dr. Ethel Lyon Heard, each at the salary above indicated.

6. I recommend, further, the appointment of Dr. S. N. Key as Eye, Ear, Nose, and Throat Specialist at a salary of \$1,500 effective September 1, 1920. This last appointment is not in tended to interfere with Dr. Key'sprivate practice, but is to cover all services rendered to University students, including surgical operations.

7. I recommend, also that Dr. Goddard be authorized to nominate to the President a staff of consulting physicians, to be called in consultation upon the request of the parents or guardians of students and n all cases prior to the performance of any major surgical operation, and that a definite arrangement be entered into with reference to the fees which are to be received by these consultants for services to be performed.

In connection with these recommendations, the attention of the Board is called to the fact that the program outlined will be of minor expense to the University, as it is anticipated that the fee paid by the students will practically, if not al together, cover the cost of this work.

In the event of the adoption of these recommendations, the students' handbook, which is issued at the beginning of the session, will be modified to accord therewith.

During their tenure as University physicians, Dr. Cilpert and Dr. Decherd have done a valuable work for the institution, and the Board should not let the opportunity pass to express to them its cordial appreciation of their services. I recommend, therefore, that the Chairman of the Board be directed to convey to Dr. Gilbert and Dr. Decherd the official thanks of this body.

OUTSIDE WORK FOR MEMBERS OF THE FACULTY

I am transmitting to the Board herewith a letter from Mr. R. G. Tyler, Associate Professor of Highway and Sanitary Engineering, requesting that he be permitted to engage in engineering work of a consulting nature in addition to his regular University work. It seems to me that it would be well for the University to adopt a standing policy in regard to applications of this sort, particularly those coming from schools and colleges which are of a technical and professional nature and in which the opportunity to secure well qualified men upon a part-time basis may add matertally to the efficiency of the instructing staff. I therefore, recommend that Mr. Tyler's request be granted, upon the condition that the consulting work engaged in by him shall at no time be permitted to interfere with his regular University work, and that in the event there should be this interference an arrangement shall be made by which Mr. Tyler may serve the University on part-time basis upon such a salary ratio with reference to fulltime work as the situation may seem to warrant, the exact amount to be recommended later by the president to the Board.

MEDICAL BRANCH

At the April meeting of the Board, upon the recommendation of the Medical faculty, approved by the president, a tuition fee of \$100 to \$150 a year was authorized to be charged all students of the Medical Branch not residents of Texas, effective September 1, 1920. Follhowing this action, I desire to transmit the recommendation of the Administrative Council of the Medical Branch that this tuition fee be fixed at \$1.50 per annum, beginning with the session of 1920-1921.

I am also transmitting to the Board a letter from Mr. W. T. Garbade, Associate Professor of Chemistry, requesting permission to open a prescription pharmacy in the City of Galveston and to continue his connection with the Medical Branch. The approval of Mr. Garbade's request would, in my judgment, inject an element into the teaching situation of the University the full force and effect of which it would be extremely difficult for the Board to estimate at this time. As practically a twenty-five per cent increase in salary is recommended for Mr. Garbade in next year's budget, and as the continued growth of the Medical Branch seems to me to necessitate the devotion of Mr. Garbade's entire time to his University duties, I am unable to make favorable recommendation with reference to his request, although I quite appreciate the financial difficulties which have led Mr. Garbade to make it.

To accommodate the anticipated increase in attendance at the Medical Branch next year, I recommend that \$3,000 or so much thereof as may be necessary, be appropriated for the construction of a suitable temporary building.

ADDITIONAL APPROPRIATIONS FOR 1919-1920

I recommend the appropriation of \$56.25 to meet certain deficiencies in the payment of the salaries of the quizmasters in the Law School for the current year, due to frequent resignations and changes in the staff of quizmasters.

To meet impending deficiencies in current expense appropriations for the current year, I recommend the following additional appropriations for the Medical Branch:

Medical School

Insurance Towels and Laundry	7.65 30.00
University Hall	
Fuel	15.29
Laundry	15.00
Tel ephone	6.00

Fuel.....

Water......

I recommend the reapprorpriation of \$152.82 to the Equipment account of the Stenographic Bureau to meet the cost of stationery cases which couldnot be made and installed until the appropriation for last year, out of which they were to be paid; had lapsed into the general fund.

BUDGET FOR 1920-1921

Some days ago, I mailed to each member of the Board an I temized budget for 1920-1921, a copy of which is hereto attached, together with a statement of anticipated receipts for the fiscal year September 1, 1920, to August 31, 1921. Request has been madeof the Legislature, now in session, for the appropriation of \$550,000 as an emergency fund and for the appropriation of \$185,000 to reimburge the University for expenditures made in connection with the School of Automobile Mechanics at

Camp Mabry. In addition, the Legislature has been requested to empower the Board to make title to the Penn Field property, and to authorize the placing of the funds derived from oil leases to the credit of the University Available Fund instead of the Permanent Fund. If the latter authorization should be granted, it would increase the available resources of the University for this year by at least \$175,000 and by approximately the same amount for the next fiscal period. At the date of the preparation of this report no action has been taken by the Legislature upon any one of the matters referred to.

The budget herewith submitted has been drawn in accordance with the recommended salary scale which was adopted by the Board at its meeting on April 27 last. When adopted, the budget should be made the basis of the Board's recommendations to the Legislature for appropriations for the next legislative biennium. The President being authorized to add to the figures for 1920-1921 a certain percentage under each head to cover anticipated increases in enrollment for the period 1921-1923. This percentage, if based upon the usual increase in the student body, would amount to about ten per cent, thus adding approximately \$150,090 to the estimates submitted to the Legislature as representing the anticipated expenditures for the next fiscal year.

Since the preparation of the budget, it seems desirable (1) to increase the salary of Professor J. E. Royster to \$5,000, of Professor A. B. Wolfe to \$4,750, and of Professor C. G. Haines also to the latter amount; (2) to raise the rank of Dr. E. D. Crutchfield to that of Adjunct Professor at his present salary in accordance with the promise made him at the time of his appointment to the medical staff; (3) to raise the salary of the assistant mechanic at Galveston to \$1,140,00, and the salaries of the janitors of the Medical Branch to \$960,\$960, \$900, \$900, and \$900 respectively. I recommend that these changes in the budget be approved by the Board.

To provide for the anticipated increased enrollment in the Department of Chemistry next year, I recommend the appropriation of \$5,000 for the purchase of platinum ware, and of an amount not to exceed \$50,000 for an additional temporary building and equipment.

Upon the request of the business manager, I recommend that the appropriations for fuel, furniture, and floor-covering, building and janitor's supplies, repairs and improvements, stamps and stationery, and the University campus be made available immediately, in order that Mr. Lochridge may take advantage of the summer markets.

Respectfully submitted,

Robert Ernest Vinson, President.

II. MISCELLANEOUS ITEMS

- 1. TEACHER-TRAINING IN TRADES AND INDUSTRIES AND RE-LATED SUBJECTS FOR 1920-1921. Upon the recommendation of the President, the Board voted, on motion of Mr. Kemp, seconded by Mr. Stark, to make application for the continuation of teacher-training in trades and industries and related subjects for 1920-1921. A copy of the plan proposed is in the Secretary's files.
- 2. ROMANCE LANGUAGES. The Board elected, upon the recommendation of Dean Benedict and President Vinson, on motion of Mr. Stark, seconded by Mr. Kemp, Benjamin M. Woodbridge, Professor of Romance Languages at an annual salary of \$4250, and Benjamin F. Luker Adjunct Professor of Romance Languages at an annual salary of \$2800, both effective September 1, 1920.
- 3. EXTENSION LOAN. The Board, on motion of Mr. Stark, seconded by Mr. Wroe, ratified the action of Chairman Cook in executing on behalf of the Board, an extension of an endowment loan made to J. A. Douglass and wife.
- 4. PAUPER BODIES. On motion of Mr. Stark, seconded by Mr. Kelley, the Board appropriated \$750.00 to defray expenses in securing pauper bodies needed for teaching purposes.
- 5. JOHN SEALY HOSPITAL. The President reported that he and Regents Cook and Steiner had held a conference with the Gai-weston City Commission, and presented a report from the City Commission bearing on the question of a cancellation of the lease. On motion of Dr. Steiner, seconded by Mr. Dougherty, the Board voted to reject the offer of the City Commission, requested the President to undertake to make arrangements with St. Mary's Hospital in Galveston for clinical instruction, and directed that the reson for use in connection with his proposed resolution touching the Medical Branch.
- 6. VACATION FOR PRESIDENT VINSON. On motion of Mr. Wroe, seconded by Mr. Kemp, the Board voted the President a vacation of two months this summer.
- 7. LITTLEFIELD FUND FOR SOUTHERN HISTORY. The President presented the following report from the librarian covering the Littlefield Fund for Southern History for the current year:

LITTLEFIELD FUND FOR SOUTHERN HISTORY

May 31, 1918 to May 31, 1920

Since 1914 the Littlefield Collection of Southern History has been in process of accumulation. During the first years of activity in this line of buying a generous part of the pertinent items which appeared in the catalogues were not owned by our

This condition has gradually changed until the proportion of obvious items not now in our collection is greatly reduced. As a methodof finding items which are needed, but which are not often listed by dealers in second hand books, long lists of wants have been sent to several large dealers. This method of procedure is producing steady, if not especially extensive returns.

The parts of the collection which give real value and distinction, however, are those which are seldom or never found in other collections. In this last class are included original manuscripts, correspondence, etc, and rare Texas and other Southern newspapers.

The Committee appreciates the immense value of the official, semi-official and personal papers of men whose names have been written into the history of the South. One of the most difficult and important tasks of this committee consists in locating and successfully prosecuting a claim to such papers as a heritage belonging to the state rather than to the individual or family. We mention three items which fall into this particular class.

A manuscript letter book of the Ordnance and Hydrographic Bureau, Navy Department, Richmond, containing correspondence relative to the establishment of a foundry for heavy cannon in the coal and iron region of Alabama, 1862-1863.

The Letters of Samuel A. Maverick of San Antonio, 1825 to 1866, were presented by his grandson, Captain Maury Maverick.

Copies of letters from Rutherford B. Hayes to Guy M. Bryan, 1850 to 1892, were received. The originals are in the possession of the heirs of the late Colonel Guy M. Bryan. These copies, numbering ninety-two pieces, were presented by Mrs. E. L. Perry of Freeport. This gift supplements, and is the direct outgrowth of some work done under the Littlefield Fund in 1917 when we had copies made of the originals in the Hayes Memorial Library, Fremont, Ohio, of the letters from Colonel Guy M. Bryan to R. B. Hayes, 1840-1892.

Dr. Charles W. Ramsdell has made several trips in the interest of the collection and in each case the results have been ample. Among gifts which he secured are:

Nueces Valley, Corpus Christi, Oct. 3, 1857, to Sept. 25, 1858.

Corpus Christi Star, Sept. 19, 1848 to Sept. 1, 1849.

Comanche Chief, 1879 to 1882.

Northern Standard, Clarksville, 1842 to 1870.

A valuable gift which takes its place with the source materials for southern history is that made by Mrs. Mildred Reese Litten of files of the Texas Almanac "Extra" 1862 and 1863, the Tri-Weekly Telegraph for 1862 and 1864, the Tri-Weekly News, 1862, and other valuable newspapers. These papers were presented to the University by Mrs. Litten in memory of her husband, Dr. Frank Litten, whose father, Dr. J. M. Litten, collected and bound the papers.

The A. H. Belo Company presented the Galveston News, 1873-1884; Flakes Bulletin, 1866-1871; and the Commercial Eulletin, Galveston, February 10, 1866 to August 28, 1869.

Such gifts as the above are attracted to the library because of the fact that the University is building up a strong collection of Southern History. The market value of the gifts received would total several thousand dollars, and special mention of them has been thought appropriate in this report.

Reverend E. L. Shettles, of Brenham, has been a wellknown book collector in Texas for many years, and for several months past he has been shippinghis collections to the library where Mr. Winkler has carefully checked the items bearing on Southern History. Several hundred excellent books and pamphlets have been secured from this source.

Early in the year 1919 the Dr. Alex. Dienst Collection was offered to the University. Mr. E.W. Winkler made a special trip to Temple and after carefully checking over the library, made an extended report. The collection did not prove as valuable to the University as had been expected, many of the items were already in the library and this made it necessary to offer a price, \$1,570. that would cover only the portion needed. Dr. Dienst did not accept this offer.

We will not extend this report with a long list of accessions, but in addition to a few titles already mentioned the following items are significant.

Newspaper purchases of particular note are the Dallas Herald, 1859-1885, which was bought from the heirs of the Proprietor, the Religious Herald, Richmond, 1828-1855, and the Kentucky Gazette, 1787,1795, reproduced by photostat.

"A Dictionary of Books relating to America from its discovery to the present time by Joseph Sabin, 1868, 1891, in nineteen volumes" was purchased at a Boston auction. This set has already proved valuable to us for we have used it repeatedly in identifying and evaluating books in the Shettles Collection.

Additions have been made to the collection of session laws, legislative journals and documents for the Southern States; the constitutional convention journals, debates and documents; the official publications of the government of the Confederate States; and the proceedings of conventions in the South of a political, commercial, agricultural, educational, religious, medical, legal, patriotic or fraternal character.

During the period specially covered by this report 3671 books and 2470 pamphlets have been added to the collection. Many of the items designated pamphlets are of especial value and must be given equal consideration with books in the literature of the subject. With the books are also counted bound files of newspapers. Some manuscripts, and many letters have also been secured, but these do not figure in the numbers indicated above.

A complete statement of the funds which have been available for use in meeting expenditures is given below:

The Board adjourned at one o'clock until two-thirty for lunch.

AFTERNOON SESSION

The Board reassembled at two-thirty, the attendance being the same as in the morning.

COMMITTEE REPORTS

- 1. EXECUTIVE COMMITTEE. On motion of Mr. Stark, seconded by Mr. Kemp, the Board ratified the action of the Executive Committee on May 4, 1920, in appropriating \$250 to assist in publishing the first number of the quarterly of the new Southwestern Political Science Association, and to carry the organization to September 1.
- 2. AUDITING COMMITTEE. Mr. Kemp presented the special auditor's report covering the fiscal year 1918-1919, and showing all accounts properly and accurately kept.
- 3. COMMITTEE ON BUILDINGS AND GROUNDS. Mr. Starkread a report embracing the condition of present buildings and the need for other buildings and modifications of present buildings. The report was ordered filed with the Secretary.

The Board adjourned to meet at El Passo in October.

Secretary.

El Paso, Texas. October 26, 1920

The Regents of the University met in regular session at the College of Mines and Metallur y at El Paso at 10 o'clock on Tuesday morning, October 26, 1920. Present: Regents Brents (Vice-Chairman), Kemp, Dougherty, Kelley, Stark, Wortham, Wroe, and Folts (succeeding Dr. Steiner, resigned); President Vinson; and the Secretary. The meeting was called to order by Vice-Chairman Brents, Chairman Cook being ill and absent.

The minutes of June 7, 1920, having been mailed to each Regent, were, on motion of Mr. Kemp, approved without being read at this time.

PRESIDENT'S REPORT

The President read his report, found elsewhere in these minutes, and the actions indicated below were taken with reference to matters presented by him.

- 1. SUPPLEMENTAL APPROPRIATIONS FOR 1919-1920. Appropriated on motion of Mr. Stark, seconded by Mr. Kelley, \$39,809.80 to supplement the respective accounts recommended by the President.
- 2. CURRENT APPROPRIATIONS AVAILABLE FOR SUPPLIES PUR CHASED IN SUMMER. Made available, on motion of Mr. Stark, seconded by Mr. Kelley, \$421.94 for the payment of supplies purchased during the summer, for use this session, in the respective accounts given by the President in his report. (p. 4//).
- 3. HOME ECOHOMICS OVERDRAFT. Appropriated, on motion of Mr. Stark, seconded by Mr. Kelley, \$459.80 to cover an overdraft in Home Economics for last year. (Santuli)
- 4. CHANGES IN BUDGET FOR 1920-1921. Adopted, on motion of Mr. Stark, seconded by Mr. Dougherty, the recommendations as made by the President embodying changes in the budget for the current year. (See pp. 417-419).
- 5. ANTI-NEPOTISM RULE. Not wishing to make the anti-nepptism rule so rigid as to hinder efficiency, the Board voted, on motion of Mr. Dougherty, seconded by Mr. Stark, to place the application of the rule in the hands of the Administrative Council, trusting the Council's good judgment to avoid complications.
- 6. AMENDMENT OF THE BOARD'S RULES AND REGULATIONS. ACcepted notice of the proposal to amend Article II, Section 2, as stated in the President's report. (p. 420).
- 7. AMENDMENT TO WRENN LIBRARY AGREEMENT. Authorized, on motion of Mr. Stark, seconded by Mr. Kelly, the President to sign on behalf of the University an amendment of the Wrenn Library Agreement to permit the inclusion in the Library of books donated by Mr. Thomas J. Wise of London, or other ferences.
- 8. ARMISTICE DAY. Voted, on motion of Mr. Stark, seconded by Mr. Kelly, to make November 11, Armistice Day, an annual University holiday beginning with this year.
- 9. JORDAN FIELD. Named, on motion of Mr. Stark, seconded by Mr. Kelly, the new athletic grounds just east of the southeast-ern corner of the Campus Jordan Field, in honor of Louis Jordan.
- 10. EWELL MEMORIAL TABLET. On motion of Mr. Stark, seconded by Mr. Kelly, gave permission to the Law Class of 1911 to place on one of the walls at the entrance to the Law Building a tablet to commemorate the death of James E. Ewell, IL. B. 1911. who died overseas while in the United States Army.

THE UNIVERSITY OF TEXAS

El Paso, Texas, October 26,1920.

the Honorable Board of Regents, University of Texas. El Paso. Texas.

Gentlemen:

A989

I have the honor to submit the following report:

The work of the regular session began on September 27. At present the total enrollment is 4,250 as compared with 4,145 at the corresponding time last year. This is an increase of something more than two per cent. While the percentage of increase is small in comparison with that of last year, the report is gratifying in that it provides a new level on which to base percentages of increase for the future. I have no doubt that the lack of dormitory facilities is largely responsible for the limited attendance, and I am sure that unless there is considerable development in this respect the University has about reached its maximum growth.

The additional offers which I am transmitting herewith have been received since the meeting of the Board last June.

MATTERS AFFECTING THE BUDGET FOR 1919-1920.

Owing to the difficulty of making accurate estimates at the time of the original appropriations by the Board, the following accounts are overdrawn by the amounts indicated. I recommend that the necessary supplementary appropriations be made in order that the accounts may be properly balanced on the Audi tor's books.

Animal shed for Zoology	\$ 174.80
	60.00
	2,012.96

	040.72
To tal	P*************************************
TO COLL A A A A A A A A A A A A A A A A A A	

The following overdrafts for the session of 1919-1920 are mainly due to the purchase of materials and supplies intended for the current year. I recommend, therefore, that the amounts be covered out of the appropriations to these departments and divisions for the present session.

General Literature. Music. Romance Languages. Division of Chemistry, Bureau of Economic	\$ 80.29 37.93 90.86	4
Division of Engineering Rungon as In-	2.65	
Geology and Technology. Chemical Engineering.	203 .0 5 7 .1 6	
To tal	\$ 427.04	

The Department of Home Conomics shows an overdraft for the year just closed of \$459.80. This deficit is due to a misunderstanding with regard to the rent of the Practice House which was first paid by the management of Lubbock Hall, and later charged to the maintenance fund of the Department of Home Economics. The University has received more than the amount indicated as a subsidy from the Federal Government for the training of teachers in Home Economics under the Smith-Hughes Act, and I recommend that an additional appropriation of \$459.80 be allowed to

CHANGES IN THE BUDGET FOR THE YEAR 1920-1921

The following changes in the budget for the session of 1920-1921 have become necessary since the June meeting of the Board. Some of these changes have already been approved by the Executive Committee, but I am including all of them in this report, so that the Board may have a complete list of the changes that have been made.

COLLEGE OF ARTS

ANTHROPOLOGY.

A989

The June budget provided for a curator in the Department of Anthropology at \$900, but it has proved impossible to secure a competent person for this position. I recommend, therefore, that the appropriation be made available for the employment of a tutor and an assistant, who can be more readily found.

APPLIED MATHEMATICS.

The budget adopted at the June meeting authorized the employment of an instructorat a salary of \$2,000. Teachers of mathematics have been extremely hard to find. We were fortunate, however, in securing the services of Mr. J. N. Michie, formerly associate professor of Mathematics at the Texas Agricultural and Mechanical College, who agreed to come to the University as adjunct professor at a salary of \$2,600.

TOTA NO

On account of a large increase in the enrollment in Botany 1 it has become necessary toappoint two additional student assistants. I recommend, therefore, that the appropriation for tutors and assistants be increased from \$1,800 to \$2,120 for the current year.

LUSINESS ADMINISTRATION.

To meet an offer from the State University of Washington it has become necessary to promote Mr. J. A. Fitzgerald from an adjunct professorship at \$3,000 to an associate professorship at \$3,500.

Assimilar situation has arisen in finding a substitute for Adjunct Professor Cunningham, who is this year absent on leave as commercial attache in Madrid, Spain. Although the budget provided for an adjunct professor at \$3,000 it has been necessary to offer an associate professorship at \$3,500. The latter position has been accepted by Mr. Ambrose P. Winston, formerly of the State Department, at Washington.

CHESTSTRY.

In order to accommodate an anticipated increase in the Chemistry enrollment, it became necessary to partition the desks in the freshman-sophomore laboratories, and to provide additional laboratory equipment. The Board has already authorized \$5,000 for the purchase of additional platinum ware, and I now recommend the appropriation of \$6,000 for additional desk equipment, \$2,000 for additional organic laboratory equipment, and such amount as may be necessary to cover the cost of the partitions mentioned. The cost of these partitions will be somewhat in excess of \$1,000, tut I am at present unable to furnish the final figures.

ECONOMICS ANDSOCIOLOGY.

The Board has already approved an increase of \$250 for Professor A.B. Wolfe, making his salary \$4,750 for the year.

To retain the services of Mr. Vincent W. Lanfear, who

To retain the services of Mr. Vincent W. Lanfear, who has received a number of attractive offers elsewhere, it has become necessary to promote him from an instructorship at \$2,000 to an adjunct professorship at \$2,400.

It has also become necessary to add \$100 to the appropriation for tutors and assistants on account of the increased enrollment in the elementary course in economics.

ENGLISH.

In a supplementary report I recommended an increase in the salary of Professor J.F. Royster from \$4,750 to \$5,000, which increase was allowed by the Board at its June meeting

increase was allowed by the Board at its June meeting.

Since the last meeting of the Board Messrs. J.F. Dobie,
G.E. SeBoyar, F.E.A. Litz, G.F. Richardson, and E.F. Wood have
resigned their positions as instructors in the University of
Texas. To fill these and other vacancies I recommend the appointment of the following instructors in English for the current year
at the salaries indicated: Mr. W.E. Selin, \$2,200; Mr.G.F. Evans,
\$2,100; Mr. T.E. Ferguson, \$2,000; Mr. W.A. Francis, \$1,650; Miss
Erma M. Gill, \$1,500; and Mr. D. M. Williams, \$1,500.

POT OGY

In order to retain the services of Mr. H. P. Bybee, who during the summer was offered a professorship in the University of Arkansas, it became necessary to promote him from an adjunct professorship, at a salary of \$2,850, to an assentate professorship at \$3,250.

of \$2,400, I recommend the appointment of Mr. Ira Edwards, who

The June budget provided an appropriation of \$2,700 for the employment of tutors and assistants. Since that time it has been deemed advisable to use \$1,800 of this amount to employ Mr. P. J. Storm, a meent graduate of Syracuse University, as instructor for the current year.

GERMANIC LANGUAGES

Although diligent search was made during the course of the summer, it proved impossible to secure a suitable instructor in Germanic Languages at the salary of \$1,800 provided in the June budget. I recommend, therefore, an increase in the appropriation to \$2,200, and the appointment of Mr. G.F. Lussky to an instructorship at the higher salary indicated.

GÖVERNMENT

Simul taneously with the adoption of the June budget the Board authorized an increase of \$250 in the salary of Professor C.G. Haines, making his stipend for the year \$4,750.

To serve as a substitute for Mr. F. M. Stewart, instructor in Government, who is absent on leave for graduate work in Columbia University, I recommend the appointment of Mr. W.C. Binkley at a salary of \$2,200. The budget provides only ject could not be found for this amount.

HISTORY.

In the budget adopted last June, the Board provided for a professorship in Modern European History and a professor-the staff of the Department of History decided to convert one of these positions into a professorship in American History, and recommended the appointment of Mr. C. S. Boucher, formerly assistant professor in Ohio State University. The second professorship, it has thus far been impossible to fill, and for the current session I recommend that \$2,000 of the \$4,250 appropriated be utilized for the employment of Miss Eleanor C.

The increased enrollment in the subject has made necessary the employment of a number of additional student assistants. I recommend, therefore, an increase in the appropriation for this purpose from \$1,700 to \$2,300.

HOME ECONOMICS.

The Department of Home Economics has also experienced alarge increase, particularly in the first-year subjects. On account of the large amount of laboratory work involved it has become necessary to provide the department with one student assistant at a stipend of \$150.

PHILOSOPHY AND PSYCHOLOGY.

For the instructorship in Philosophy at a salary of \$2,000 provided by the June budget, I recommend the appointment of Mr. T. V. Smith.

The budget also provides for an instructor in Psycholosy at the same salary. To fill this positionwe have been able to secure the part-time services of Miss Vivienne McClatchy, at a salary of \$1,600.

The amount of \$400 thus saved plus an additional \$350, is recommend be appropriated for the employment of tutors and assistants. The enrollment in this department is far in excess of the enrollment last year, and gives every promise of a still further increase in the winter and spring terms.

PHYSTCS

Because of continued illness, Miss Lulu M. Bailey, adjunct professor of Physics, is unable to fill her place during the current session. I recommend, therefore, that the be granted leave of absence for the year 1920-1921, with such salary as the President in conjunction with the Executive Committee of the Board may determine.

41

To take care fo the enormous increase in the freshman enrollment, I recommend the appropriation of \$590 additional for the employment of tutors and assistants, and the appropriation of \$1,000 for the employment of an additional laboratory assistant.

It also seems advisable to increase the salary of Mr. Louis Gruber, mechanician, from \$2,500 to \$2,750. Mr. Gruber is an extremely efficient mechanic, and his long service at the University merits the increase indicated.

PUBLIC SPEAKING.

As a reward for effective service in coaching the University debating teams, I recommend the promotion of Mr. C.D. Tomkies from an instructorship in Public Speaking, at a salary of \$2,200, to an adjunct professorship at \$2,400.

PURE MATHEMATICS.

Through an oversight I failed to recommend a promised increase in the salary of Mr. H. J. Ettlinger, adjunct professor of Pure Mathematics. I now recommend, therefore, an advancement in his salary from \$2,600 to \$3,000 for the current year.

Mr. R. A. Wester, and Mr. J.E. Burnam have resigned the positions tendered them last June, and to fill the places vacated by them I recommend the appointment of Miss Anna M. Mullikin and Miss Helma L. Holmes as instructors in Pure Mathematics at a salary of \$1,800 each.

To provide much needed assistance to the staff of the Department of Pure Mathematics, I recommend an additional appropriation of \$1,152 for the memployment of tutors and assistants.

ROMANCE LANGUAGES.

At the June meeting of the Board Mr. B. M. Woodbridge Was appointed professor of Romance Languages, at a salary of \$4,250, to take over the work of the associate professor provided in the budget, at a salary of \$3,500. At the same time the Board appointed Mr. B. F. Luker adjunct Professor at a salary of \$2,800.

Since the June meeting Mr. G. F. Hall has resigned his position as adjunct professor, at a salary of \$2,400, and to take his place I recommend the appointment of Mr. C. M. Montgomery with the same rank, at a salary of \$2,800.

To fill the vacancy created by the resignation of Miss Marea Goddard, I recommend the appointment of Miss Fannie Rhea Preston, as instructor in Romance Languages at the salary provided in the budget, namely, \$1,800.

To fill the vacant instructorships in the department, I recommend the following appointments at the salaries indicated: Mrs. Floy P. Soule, \$2,200; Miss Ravenna Wakefield, \$2,100; and Mr. J. R. Spell, \$1,900. I further recommend that \$1,150 of the amounts appropriated for the employment of instructors be utilized for the services of a tutor in Romance Languages.

EOOLOGY.

For the additional associate professorship authorized by the Board at the June meeting, at a salary of \$3,500, I recommend the appointment of Mr. H. J. Muller, effective July 1. Professor Muller was unwilling to come to us unless we should make the beginning of his fiscal year here follow upon the close of the fiscal year of Columbia University, where he was formerly employed.

For the vacant instructorship in Zoology, I recommend the appointment of Mr. W. F. Hamilton at the salary provided, 1,800, effective January 1. Mr. Hamilton is now engaged at the University of California, and is unable to effect his release until the time indicated.

SCHOOL OF EDUCATION.

EDUCATIONAL ADMINISTRATION.

After a year's leave of absence Dean Sutton returned to the University this fall with the hope that he would be able

to do his regular work. The extremely warm weather, however, proved too enervating for him, and he returned to Dallas to await the coming of cooler weather. I recommend, therefore, that he be given leave of absence until his complete restoration to health, at such salary as the President in conjunction with the Executive Committee of the Board may determine.

To discharge the duties of the deanship during Professor Sutton's absence I recommend the appointment of Professor B. F. Pittenger, as acting dean, with an increase of \$250.00 in salary.

PHILOSOPHY OF EDUCATION.

To provide for the large enrollment in the elementary courses in the Philosophy of Education, I recommend the appropriation of an amount not to exceed \$3,600 for the employment of an additional member of the staff, and of \$500 additional for the employment of tutors and assistants.

COLLEGE OF ENGINEERING

CIVIL ENGINEERING.

During the course of the summer Mr. R. G. Tyler,
Associate Professor of Highway and Sanitary Engineering, resigned
his position to accept one as city engineer at Paris, Texas at
a salary of \$5,000. To carry on his work I recommend the appointment of Mr. O. S. Petty as adjunct professor at a salary
of \$2,400.

ELECTRICAL ENGINEERING.

As a substitute for Mr. W. J. Miller, adjunct professor of Electrical Engineering, who is absent on leave for the session of 1920-1921, I recommend the appointment of Mr. G. A. Fleming, as instructor at a salary of \$1,800.

I recommend further that \$288 of the \$600 saved in the salary of Professor Miller be utilized for the employment of additional tutors and assistants.

MECHANICAL ENGINEERING.

For the vacant instructorship in Mechanical Engineering at a salary of \$2,000, I recommend the employment of Mr. F.E. Jones, a graduate of the University of Kansas.

The June budget provided an appropriation of \$2,064 for the employment of tutors and assistants. Since the adoption of the budget it has seemed desirable to replace these by an assistant superintendent of shops at a salary of \$2,400. To fill the position I recommend the appointment of Mr. Albion N. Doe, a mechanical engineering graduate.

PHYSICAL CRAINING FOR MEN

During the course of the summer I recommended to the Executive Committee an increase of \$250 in the salary of Mr.L.T. Bellmont, director of Physical Training for Men. This actionwas approved by the Executive Committee, and I now recommend its adoption by the Board.

During the summer also I authorized the transfer of Mr. R. B. Henderson from the Physical Training staff to the staff of the University Interscholastic League. To carry on the work formerly discharged by Mr. Henderson I recommend the appointment of Mr. R. J. McLean, at a salary of \$2,000.

As successor to Mr. McLean, who until his appointment as instructor in Physical Training served as secretary to the director, I recommend the appointment of Mr. J. H. Gardner, at a salary of \$900.

To fill the vacant instructorship in Physical Training, at a salary of \$1,500, I recommend the appointment of Mr. Clyde Littlefield, one of the University's three-letter men.

PHYSICAL TRAINING FOR WOMEN

Upon the request of Miss Louise Wright, associate director, and of Miss Annie L. Cosbyk instructor, I recommend

that they be granted leave of absence, without pay, for the session of 1920-1921.

The absence of Miss Wright and Miss Cosby necessitates a re-arrangement of the duties of the Physical Training staff. I recommend, therefore, an increase in the salary of Miss Anna Hiss, from \$1,800 to \$2,000 for the present year, and the appointment of the following instructors at the salaries indicated: Miss Eline Man von Borries, \$1,800; Miss Mary W. Ball, \$1,800; and Miss Bertha Wilder, \$1,500. The changes recommended involve no increase in the budget.

THE LIBRARY

The June budget provides for a cataloguer at a salary of \$1,400. As a trained cataloguer could not be secured for this amount, Mr. Goodwin decided to appoint one of the University's recent graduates and train her up in the position. I recommend, therefore, the appointment of Miss Athol Yager at a salary of \$1,000.

During the course of the summer Miss Bessie E. Thompson resigned her assistantship carrying a salary of \$1,200. To fill this Yacancy and to increase the efficiency of the Loan Department, Mr. Goodwin recommends the appointment of Miss Annie C. Hill, formerly bulletin supervisor, as assistant supervisor of loans, at a salary of \$1,600.

To fill the vacant assistantship in the Library carrying a stipend of \$1,200, I recommend the appointment of Miss Ona Kay Gorman, at a salary of \$1,000. I also recommend the appointment of Mr. Alva W. Bounds as assistant in the Library at a salary of \$1,000 to fill the assistantship resigned by Mr. C. J. Alderson, for whom the budget provided a salary of \$1,100.

OFFICE OF THE DEAN OF THE COLLEGE OF ENGINEERING

On account of an increased use by the students of the Engineering Library, I recommend an increase in the salary of the assistant engineering librarian from \$360 to \$675. This increase gives to the University a larger number of hours of her time.

OFFICE OF THE DEAN OF THE SCHOOL OF LAW

For the position of secretary and registrar of the School of Law, I join the Law faculty in recommending Mr. P. P. Holmes, at the budget salary of \$1,500.

OFFICE OF THE REGISTRAR.

Owing to the resignation of MissHill as bulletin supervisor, necessitating a rearrangement of the work of the registrar's office, I suggest the following revision of the salary appropriations: An increase of \$100 each in the salaries of Miss Edna Hazlewood and Miss Kathleen R. Little; the appointment of Mrs. C.A. Gulick as assistant to the Registrar, at a salary of \$1,300; and the appointment of Miss Eleanor M. Atkinson as bulletin supervisor, at a salary of \$1,360; and an increase in the appropriation for clerical assistants from \$1,450 to \$1590. The changes recommended involve no increase in the total of the budget for this coffice.

MEDICAL STAFF

In addition to the members of the staff enumerated in the June budget, the Board has authorized the employment of Dr. Chas. W. Goddard as physician-in-chief, at a salary of \$5,000. To provide the necessary stenographic and statistical help, Dr. Goddard recommends the appointment of Mrs. Minnie E. Clarke, as secretary to the Medical Staff, at a salary of \$1,500. In this recommendation I concur.

OFFICE OF THE DIRECTOR OF PUBLICITY

To fill the position of assistant to the Director of Publicity, recently resigned by Miss Ruby A. Black, I recommend the appointment of Miss Corinne L. Flood, at the salary provided in the budget, \$1,200.

BUREAU OF ECONOMIC GEOLOGY AND TECHNOLOGY

CHEMISTRY DIVISION

During the late summer Mr. R. A. McNees, who was elected by the Board last June to serve as technologist in this division, at a salary of \$2,400, resigned his position to accept a similar one with a public service corporation in San Antonio. In his stead I recommend the appointment of Mr. A. D. Potter as chemist, at a salary of \$100 for the months of October through May, and at a salary of \$150 for the vacation months of September June, July and August.

ECONOMIC GEOLOGY DIVISION.

In order to prevent the loss to the Bureau of the services of Mr. J. W. Beede and Mr. E. H. Sellards, geologists in the Economic Geology Divsion, I recommend annincrease in their salaries of \$250 for the current year.

On account of the large amount of geologic work to be done by the Bureau, I recommend the appointment of Mr. W.S. of Miss M. Elizabeth tiles as assistant to the director and curator of the division, at a salary of \$2,200. These increases involve an addition of \$1,500 to the budget

involve an addition of \$1,500 to the budget.

As geologic aid in the potash investigations that are being conducted by the Bureau of Economic Geology and Technolomend the appointment of Mr. D. D. Christner, at a salary of \$1,500.

I recommend that the following salaries be authorized out of the \$5,250 appropriated by the legislature for the investigation of oil borings in Texas; Mr. R. A. Liddle, geologist, \$2,300, and Miss H. T. Kniker, geologic aid, \$1,800.

BUREAU OF EXTENSION

EXTENSION TEACHING DIVISION.

Through an oversight I failed to recommend the proper increase in the salary of Miss Myrtle S. Gillum, assistant registrar of the division. I, therefore, suggest that an addition of \$100 be made to her salary for the current year.

HOME ECONOMICS DIVISION.

To fill the vacant lectureship in Home Economics, I recommend the appointment of Miss Flores D. Berry at the budget salary of \$2,000.

PACKAGE LOAN LIBRARY DIVISION.

During the summer Miss Kate Feuille, assistant extension loan librarian, and Miss Anna Muckleroy, reader in the Package Loan Library, resigned their positions to accept others elsewhere. To succeed Miss Feuille, I recommend the appointment of Miss Ethel Simmons, and to succeed Miss Muckleroy, I recommend the appointment of Miss Emma Jean Lockwood, both at the salaries provided in the budget.

VISUAL INSTRUCTION DIVISION.

After the adoption of the June budget a more efficient ofganization of the division was made by Mr. Duffey. I recommend, therefore, that the following changes be made, which result in a saving of about \$20.00: First, the appointment of Mrs. Olivia L. Moore as cataloguer and lecture supervisor, at salary of \$1,200; second, the abolition of the position of supervisor of shipments, carrying a salary of a like amount; and third, an appropriation of \$1,180 for assistants, for whom \$1,200 was previously authorized.

INDUSTRIAL EDUCATION

To retain the services of Mr. S. M. Ransopher, director of Industrial Education, who received in the course of the summer, a number of attractive offers elsewhere, I recommend an increase in his salary of \$600.

To fill the positions of teacher trainers, I recommend the appointment of Mr. S. J. McGinnis, Mr. H. J. Mueller, Miss Katherine C. Ball, and Miss Cecil May Eurdick, each at a salary of \$2,400, the amount authorized in the June budget.

INTERSCHOLASTIC LEAGUE

As lecturer on Physical Education, for whom \$2,000 was provided by the Board in June, I recommend the appointment of Mr. R. B. Henderson, formerly instructor in Physical Training, at a salary of \$2,500.

On account of a duplication of work with one of the state departments, it has seemed desirable to abolish the position of lecturer on rural education, formerly held by Miss Annie H. Peevey, at a salary of \$1,200. I, therefore, recommend the utilization of this amount for the employment of an assistant secretary to the University Interscholastic League, and recommend the appointment of Miss Lucile Butts to this position, effective October 22.

To provide a miscellaneous expense fund for the University Interscholastic League, for telephone and telegraph charges, etc, I recommend an appropriation of \$500.

SCHOOL OF MEDICINE

ÄNA TOMY

At the June meeting the Board approved the recommendation of the Medical faculty that Dr. S. W. Boyce be appointed instructor in Anatomy, at a salary of \$1,800, and that \$750 be appropriated to the Department of Anatomy, as a contingent maintenance fund. Since that time Dr. Boyce has resigned, and the Medical faculty now recommends the appointment of Dr. W. B. Lasater and Mr. G. E. Bethel to fill the vacant instructorships in Anatomy, each of which carries a salary of \$1,800.

The faculty further recommends an increase of \$65 in the salary of the laboratory attendant in Anatomy in order to place this position on a level with a similar one in Bacteriology and Preventive Medicine.

BACTERIOLOGY AND PREVENTIVE MEDICINE.

On account of a re-arrangement of the curriculum of the School of Medicine, additional microscopes are necessary to take care of the work in Bacteriology and Preventive Medicine. I recommend, therefore, an additional appropriation of \$575 to provide the additional instruments needed.

BIOLOGICAL CHEMISTRY.

The need of additional time of a student assistant makes necessary a slight increase in the salary of the assistant in Chemistry. I recommend, therefore, that an additional appropriation of \$140 be made.

HISTOLOGY AND EMBRYOLOGY.

To fill the vacancy now existing in the Department of Histology and Embryology, I recommend the appointment of Miss Enid E. Long, at a salary of \$1,800, the amount provided in the budget.

PHYSIOLOGY.

Upon the request of Dean Carter I recommend the appointment of Dr. C. E. Watson as instructor in Physiology and Pharmacodynamics at the salary of \$2,000 provided in the budget.

MEDICAL JURISPRUDENCE

Having removed to Dallas to engage in the practice of law, Mr. Marion J. Levy has resigned his position as lecturer on Medical Jurisprudence. To succeed him I recommend the appointment of Dr. Dick P. Wall at the salary provided for Mr. Levy. Dr. Wall filled this position for a number of years with entire satisfaction before his entry into the Medical Corps of the United States fighting forces two or three years ago.

URGERY

Dr. W.E. Huddleston, instructor in Surgery, has accepted a position in the Walter Reed Hospital, and has requested a leave of absence for the present session. The Executive Committee of the Medical Faculty is of the opinion, however, that no leave fore, the termination of Dr. Huddleston's relationship to the department and the appointment of Dr. R.E. Cone in his stead, with

COLLEGE OF NURSING

Since the last meeting of the Board Miss Martha S. Fakins has resigned her position as instructor in Nursing. To succeed her I recommend the appointment of Miss Ella E. Read, at the salary provided for Miss Fakins. For the position of assistant instructor and superintendent of University Hall, I recommend the appointment of Miss Margaretta Perkins at the budget salary of \$1,200. For the second assistant instructorship carrying a like salary, I recommend the appointment of Miss Elizabeth P. Smith.

UNIVERSITY HALL

Owing to the difficulty of retaining janitorial service at the salaries provided in the June budget, I recommend that a \$60 increase be authorized in the janitorial appropriation and \$40 in the appropriation for servants for University Hall. I recommend further an addition of \$50 to the contingent expense fund to take care of the increased cost of incidental items.

COLLEGE OF MINES AND METALLURGY

Mr. H. C. Taylor has resigned his position as associate professor of English and Economics. To succeed him I recommend the promotion of Mr. E. A. Drake, instructor in English, to the same rank and salary as that voted for Mr. Taylor. We have also lost the services of Mr. T. J. Dwyer, formerly adjunct professor of Engineering, who has accepted a position in private practice. To succeed him I recommend the appointment of Mr. Lloyd Nelson, a graduate of the mining engineering class of 1916, at the rank and salary authorized for Mr. Dwyer.

To succeed Mr. Drake as instructor in English, I recommend the appointment of Mrs. H. D. Buck, at a salary of

\$1,600, the amount provided in the budget.

The increased amount of clerical work in connection with the accounts and scholastic records of the College makes necessary the employment of additional stenographic help. I recommend, therefore, an appropriation for this year of \$1,100 for the employment of an additional stenographer.

During his connection with the College of Mines Mr.

Dwyer, now resigned, voluntarily assumed charge of its physical training ctivities. No member of the present faculty has the ability or the time to undertake the work, and I recommend, therefore, the appropriation of \$500 to employ the services of a physical training director for the College of Mines and Metallurgy.

BUDGET FOR THE YEARS 1921-1923

Acting under the instructions of the Board at its last neeting I have prepared and transmitted to the Board of Control for submission to the Thirty-seventh Legislature the following budget. The amounts are based upon the anticipated expenditures for the session of 1920-1921, with a contingent fund under each heading for such additions and adjustments as conditions during the next two years may make necessary.

MAIN UNIVERSITY

	For the Years Ending

AMENDMENT OF THE BOARD'S RULES AND REGULATIONS

Total for the University..... \$ 1,633,484.00 1,633,484.00

Section 7, Article 1, of the Rules and Regulations of the Board provides that the "appointment of a relative of a member of the Board or any other person occupying an influential position in the University is wholly disapproved". As some difficulty has been experienced in the application of this rule by the administrative ofpicers of the University I think it would be well to indicate the positions and the degrees of relationship which the Board would regard as falling within the rule. I recommend, therefore, that the rule be interpreted as prohibiting the appointment to the staff of the University of any person related in the second degree by affinity or in the third degree by consanguinity to any member of the Board or to any other person occupying the position of instructor or above, or their equivalents, in the University. It seems to me, however, that the rule should not operate in the case of appointments to minor positions made on a strictly competitive scholastic basis, such as appointments of quizmasters in Law, or during the tenure of persons who may become involved within the prohibited degrees of relationship subsequent to their appointment.

Section 2, Article II, provides that the dean of the College of Arts and Sciences, in addition to his other duties, "is charged exclusively with passing on the scholastic eligibility of candidates for athletic teams". I am of the opinion that he should also have exclusive jurisdiction in determining the scholastic eligibility of Condidates for the University debating teams, the University music and dramatic organizations, as well as candidates for any other organization that may in any way represent the University. I recommend, therefore, that the rules and regulations of the Board be amended so as to charge the dean of the College of Arts and Sciences exclusively with the additional duties just indicated.

AMENDMENT OF THE WRENN LIBRARY AGREEMENT

In view of the recent contribution by Mr. Thomas J. Wise, of some fifty books to the Wrenn Library, and in anticipation of future additions, I think it would be well for the University to secure an amendment to the Wrenn agreement under which the Wrenn Library became a part of the University of Texas. Mr. Norcross and Mr. Wrenn have prepared and signed in triplicate such an agreement, and I recommend that the Board authorize the President to sign it on behalf of the University.

...ARMISTICE DAY

In response to the petition of the University A.E.F. Club, and in commemoration of the signing of the armistice, which marked the close of the most significant struggle in the nistory not only of America but also of the world, I recommend that November 11, Armistice Day, be made an annual University holiday.

JORDAN FIELD

In honor of Louis Jordan, an alumnus and distinguished athlete of the University of Texas, who was killed in action in France, I recommend that the new athletic grounds purchased by the University directly across from the present gymnasium quarters be named Jordan Field.

MEMORIAL TABLET FOR JAMES E. EWELL

I am transmitting to the Board for consideration the request of the Law Class of 1911 to be permitted to place on one of the walls at the entrance to the Law Building a tablet to commemorate the death of one of its members, Mr. James E. Ewell who died overseas while in the United States Army.

Y. W. C. A. CABIN

I am also transmitting to the Board for consideration the request of the Young Women's Christian Association of Austin to be permitted to erect on the University's land a lodge or cabin near the Colorado River.

SERBIAN SCHOLARSHIPS

During the session of 1919-1920 the Board of Regents authorized two Serbian scholarships, one in engineering and one in medicine. I recommend that these scholarships, carrying a stipend of \$600 each, be continued for the current session, and that in case the applicant for the medical scholarship proves unable to satisfy the admission requirements of the School of Medicine the scholarship be made available for premedical work at Austin.

CHARLES DURAND OLDRIGHT FELLOWSHIP IN PHILOSOPHY

Upon the recommendation of the faculty of the Department of Philosophy and Psychology I recommend that Mr. Brady Nixon Cole be appointed Oldright Fellow in Philosophy for the session of 1920-1921. Mr. Cole is a senior in the College of Arts and Sciences, and has made a most excellent record.

S. M. A. LEASE

During the operation of the School of Military Aernnautics for the United States government, the University leased
from Mr. S. C. Granberry three lots on the west side of Red
River Street. Through an oversight the University failed to
cancel this lease upon the abandonment of the School. Mr. Granberry is willing to accept \$515.00 in full settlement of the
rental due and of the repairs necessary to put the property into its original condition. I recommend that the Board authorize an appropriation to cover this amount.

UNIVERSITY HALL ROOM RENT

On account of the increasing cost of such items as fuel, gas, laundry, telephone, and water, it seems proper to make a slight increase in the monthly rental of rooms in University Hall at Galveston. I recommend, therefore, that beging October 1 the monthly rental be increased from \$5.00 to \$6.00 a month, or approximately 20 per cent.

ADDITION TO THE COLLEGE OF MINES CURRICULUM

In order to afford tomining engineering students a number of elective courses which will also appeal to special students who are not carrying engineering courses, I join in the recommendation of the faculty of the College of Mines and Metallurgy that the following courses be added to the curriculur of the College: A year's course in English Literature; a year's course in American History; a half year's course in Political Science; and a half year's course in Sociology.

STATE ARBORETUM

The State Horticul tural Association is contemplating the establishment of a State Arboretum, and as the benefits thereof to the state at large seem to me so numerous, and the advantages offered by the Brackenridge land between Austin and the dam so great, I believe the University would be justified in inviting the Association to locate the arboretum on this land. Of course, no change in ownership is thought of. As the plan meets with the approval of Mr. George W. Brackenridge, I recommend that the State Horticul tural Association be invited to establish its arboretum on the property mentioned.

MEDICAL BRANCH INVESTIGATION

The Legislative Investigating Committee appointed by the Governor to investigate conditions in the Medical Branch of the University is to meet at Galveston on November 4, and desires to confer with the Board of Regents in Austin on the following Monday, November 8. I suggest, therefore, that when the Board adjourns it do so to meet again in Austin on the latter date.

The work of the Investigating Committee will be greatly facilitated by the employment of stenographic help. No provision therefor was made by the Legislature, and I recommend, therefore, that the President of the University be authorized to arrange for a stenographer to the Committee in time for its work on November 4.

Respectfully submitted,

Robert E. Vinson, President.

- Dougherty, seconded by Mr. Wortham, the request of the Austin Y.W.C.A. to be permitted to erect a cabin on University ground near the Colorado River.
- 12. SERBIAN SCHOLARSHIPS. Voted, on motion of Mr. Stark, seconded by Mr. Kelly, to continue this year the two Serbian scholarships of \$600 each offered last year, one in medicine and one in engineering, the former to be available for pre-medical work at Austin in case no satisfactory applicant is found able to meet the admission requirements of the School of Medicine, and appropriated \$1200 for this purpose.
- 13. OLDRIGHT FELLOWSHIP IN PHILOSOPHY. Appointed, on motion of Mr. Folts, seconded by Mr. Stark, Brady Nixon Cole to be the Charles Durand Oldright Fellow in Philosophy for the current session.
- 14. S. M. A. LEASE. Appropriated, on motion of Mr. Kelly, seconded by Mr. Stark, \$515.00 in full settlement of the rental due pairs necessary.
- 15. UNIVERSITY HALL ROOM RENT. Increased, on motion of Mr. Stark, seconded by Mr. Kelly, the monthly rental on rooms in University Hall at Galveston, from \$5.00 a month to \$6.00, effect-
- 16. ADDITION TO MINES CURRICULUM. Authorized, on motion of Mr. Stark, seconded by Mr. Kelly, the addition of the following courses to the curriculum of the College of Mines; one year of American history, one year of English Literature, half a year of political science, and half a year of sociology.
- 17. STATE ARBORETUM. On motion of Mr. Dougherty, seconded by Mr. Wroc, extended an invitation to the State Horticul tural Association to establish the state arboretum, for which they are now seeking a location, on the Brackenridge land belonging to the Univ.

Stark, seconded by Mr. Dougherty, the President to provide a stenographer to facilitate the work of the legislative committee appointed by the Sovernor to investigate conditions in the Medical Branch, beginning November 4, and voted that when the Board adjourns it do so to meet in Austin on November 8 to confer with this committee, at the latter's request.

MISCELLANEOUS

- 1. KELLY HALL. On motion of Mr. Dougherty, seconded by Mr. Folts, the Board voted to name the dormitory at the College of Mines Kelly Hall, in honor of Regent Kelly.
- 2. MINES CAMPUS AND ATHLETIC FIELD. The Board appropriated out of the Available Fund \$12,000, or so much thereof as may be necessary, for the purpose of clearing off and beautifying the Mines Campus and of putting the athletic field into good shape, this money to be repaid when the Fort Bliss property is sold.
- 3. MINES DORMITORY ADDITION. The Board appointed the President and Regent Kelly to have plans drawn for an addition to the Mines dormitory, which is now unable to meet the needs of the institution.
- 4. FOLTS APPOINTED ON COMMITTEES VACATED BY STEINER. Acting Chairman Brents announced the appointment of Mr. Folts to succeed Dr. Steiner on all standing committees on which the latter had membership.
- 5. THANKS TO REGENT KELLY FOR COURTESIES. The Board voted hearty thanks to Mr. Kelly for generous courtesies and hospitable entertainment provided by him for Regents while in Paso.
- 6. ADJOURNMENT. The Board adjourned to meet in Austin on Monday, November 8.

Chai rman

White Secretary.
