About WorkLife Health Solutions

WorkLife Health Solutions is a new Employee Health and Wellness Clinic that provides on-site treatment for most illnesses and injuries, including:

- Bladder Infections (UTIs)
- Digestive Disorders (Gastritis)
- Headaches
- Lacerations
- Skin Infections
- Sprains & Strains
- Upper Respiratory Infection (Cold & Flu)
- Also available — flu shots and other common vaccinations

In addition to clinical services, WorkLife offers health education and events to help employees develop healthy habits. Prevention programs like weight loss and smoking cessation help employees identify and reduce risk factors, resulting in a healthier, happier, more productive work/life balance.
