Delete your cache and other browser data

You have control over your browsing data. This data includes things like your browsing and download history and saved form data. Use the "Clear browsing data" dialog to delete all your data or just a portion of your data, collected during a specific period of time.

Delete all your data

1. Click the Chrome menu on the browser toolbar.
2. Select Tools.
3. Select Clear browsing data.
4. In the dialog that appears, select the checkboxes for the types of information that you want to remove.
5. Use the menu at the top to select the amount of data that you want to delete. Select beginning of time to delete everything.
6. Click Clear browsing data.

Mozilla Firefox

Clear the cache

1. At the top of the Firefox window, click on the Firefox button and then select Options.
2. Select the Advanced panel.
3. Click on the Network tab.
4. In the Cached Web Content section, click Clear Now.

Safari

1. Go to Safari > Preferences > Advanced and select Show Develop menu in menu bar.
2. Go to Develop > Empty caches
Internet Explorer 9

How to delete your browsing history in Internet Explorer 9

Applies to Windows 7

To delete all or some of your browsing history

1. Open Internet Explorer by clicking the Start button . In the search box, type Internet Explorer, and then in the list of results, click Internet Explorer.

2. Click the Tools button , point to Safety, and then click Delete browsing history. If you don’t want to delete the cookies and files associated with websites in your favorites list, select the Preserve Favorites website data check box.

3. Select the check box next to each category of information you want to delete.

4. Click Delete.
