

Margaret Vaaler, PhD

Margaret Vaaler PhD is the Research Program Manager for the Texas Child Mental Health Care Consortium (TCMHCC), coordinating the Consortium's research, grants, evaluation, and publication work. She has many years of experience in health-related data management, research, and statistics in both the public and private sectors. Her background includes expertise in research design, data collection, qualitative and quantitative analysis methods, program evaluation, and manuscript development. She has expertise working with various health data sets, including Medicaid claims data, and public health surveillance data. She received her PhD in Sociology from the University of Texas at Austin.
