## About UT System

Established by the Texas Constitution in 1876, The University of Texas System consists of eight academic and five health institutions. [The University of Texas System](#) is primarily based in Austin, TX and is responsible for the central management and coordination of the thirteen institutions. Diversity and inclusion are core values for UT System, which serves the needs of a diverse and growing state. To that end, our review of applications will embrace the principles of the [veterans](#) and [former foster children](#) employment preferences (state laws), all of which are intended to promote diverse interview pools.

## About the Office of the Chief Information Officer

The University of Texas System – Office of the Chief Information Officer provides technology support to The University of Texas System Administration and the Board of Regents Office including computer hardware support, conference equipment support and telephone support.

## Essential Functions

The Student Associate will work with The University of Texas System Administration’s Office of the Chief Information Officer Client Services team to provide IT support for end users and campus stakeholders. Duties will include:

- Basic computer support (Dell computers, Windows 10, Microsoft Office 365).
- Computer refresh i.e. prepare and setup computers for end users.
- Perform basic help desk support under the direction of Client Services (help desk) staff.
- Assist with coordination of pickup and delivery of equipment to and from the departments.
- Create and follow checklists to ensure equipment in conference rooms is functioning.
- Answering and routing incoming phone calls to Client Services help desk.
- Create Cherwell help / support tickets.
- Other duties and projects as assigned (e.g., assisting with project management, evaluating, and deploying Microsoft Azure cloud services, providing training to end users, developing Power BI data and analytics reports, reviewing infrastructure lifecycle, etc.).

## Required Qualifications

Interested students should meet the following criteria:

- Currently enrolled in an accredited university field of study related to computer science or customer service-oriented field.
- Basic computer connection skills (connect monitor, keyboard, mouse, etc.)
- Able to offer attention to detail and accuracy in work produced.
- Able to work both cooperatively in a team environment and efficiently with limited supervision.
- Able to commit to a work schedule of 19.5 hours per week for the time period specified.

## How to Apply

Send one email to [kmccormick@utsystem.edu](mailto:kmccormick@utsystem.edu) as specified below.
