

# UT Microsoft Program Fall 2020

April 2021

Our Microsoft Program consists of several elements:

- Site Licenses for the USystem:
  - o [Microsoft 365 Education A5 column](#) for our faculty/staff/students (we use M365 EDU A3 ShrdSvr ALNG + M365 EDU A5 Step-up)
  - o SQL site licensing for servers and CALs (SQLCAL, SQLSvrPltfrm)
  - o Windows server (Enterprise Platform w HPCSvr)
  - o Enterprise CAL
  - o Student Win Upgrade (WINEDU3 ALNG)
- RFP for all goods and services of Microsoft and two agreements: CASA and Academic Select Plus. Dell is the winning reseller. Each campus has EES paperwork for its tenants for at least production and test for its Office 365 and associated Azure services it may buy.

Additional documentation:

- While not officially from Microsoft, here is one of their employee's chart on [Microsoft 365 Education](#) with each box linking to a description. You will likely need to zoom in as it is an eye chart
- Please see [Service Description for Microsoft 365/Office 365](#) for details concerning A5

For training (much of this from Joe Gasper of UFL):

- Have a look at the Microsoft's 365 learning pathways (free) – you can build customized playlist of training content, rolled out in a SharePoint portal.

[Overview of Microsoft 365 learning pathways | Microsoft Docs](#)

- Microsoft Learn (free) is a bit more geared to developers, but you can find content for student roles and productivity tools.
