

UT SYSTEM APPRECIATION DAY 2013

PRESENTED BY TEAM UNITY

WHAT IS UT SYSTEM APPRECIATION DAY?

UT System Appreciation Day was developed by the Employee Advisory Council to recognize the founding date of UT systems.

Although we are 15 individual campuses and over 90,000 employees, we are all still **ONE FAMILY** under UT.

Our hope is to have one day to represent our family, our unity and our pride in being a part of The University of Texas.

The UTPA staff incorporated the UTHSCSA staff that is housed at the UTPA campus. They stated that “We are supposed to be celebrating UT System Day together and this is a great opportunity to continue to support the collaborative relationships between institutions. “

What did we do?

- Staff/Faculty/Students met at the front of the UTPA Visitors Center
- Breakfast food/snacks and refreshments for attendees (Krispy Kreme doughnuts, breakfast tacos, fruit, coffee and juice)
- The UTPA Tuba/euphonium played
- Attendees wore their spirit shirt
- Group Photo
- Email sent by President
- Posted the Team Unity flyer on campus TV's
- “UT System Recognition Day!” running on outdoor marques.
- Coordinated with Staff Senate, SGA, and Faculty Senate

The flyer features a dark green background with a distressed, paint-like texture. At the top, the text 'UT SYSTEM RECOGNITION DAY' is written in large, bold, white capital letters. Below this, there are two logos: the official seal of the University of Texas System on the left and the UTPA logo (a green square with a white star and an orange cross) on the right. A green banner with white text reads 'FREE FOOD AND MUSIC'. The bottom section has an orange background with white text providing the date, time, and location of the event.

CELEBRATING U. T. SYSTEM RECOGNITION DAY HONORING OUR UNIVERSITY OF TEXAS HISTORY

President Colasurdo encouraged everyone to wear their favorite UT alum or UTHealth apparel and show support for our University of Texas heritage.

By taking a moment to appreciate our UT roots, we honor more than 130 years of superb education that has transformed the State of Texas – and beyond.

CONNECTING OUR PAST TO OUR PRESENT

'Bout Time

The President wished to provide EVERYONE with a sustainable way to honor our history by bringing our history into the present. UTHealth has launched a special blog, to be posted throughout the year, filled with surprising anecdotes about our history. From the birth of UT System in 1881 to the untold stories behind the creation of the Texas Medical Center and our six schools, knowing the personal histories of the men and women who founded this institution is a wonderful way to honor and appreciate who we are as a family of UT professional schools. The first of the series includes a link to the first “handwritten” minutes of the Board of Regents <http://www.uth.edu/blog/bout-time/>.

UT System Recognition Day November 8, 2013

Did you know?

UT Southwestern Medical Center is part of a bigger family. The University of Texas System is one of the nation's largest systems of higher education, with nine academic institutions and six health institutions that educate more than 216,000 students and employ 87,000 faculty and staff.

Each year, UT's academic institutions award more than one-third of all undergraduate degrees in Texas, and its health institutions grant two-thirds of all health professional degrees. In addition, UT System health professions provide care to millions of patients each year, and UT System faculty and students are engaged in cutting-edge research and making significant discoveries that benefit society.

Over the past two years, The University of Texas System's ground-breaking strategic plan, called the Framework for Advancing Excellence, has cemented UT as a national leader in higher education. As a result of the Framework, The University of Texas System has implemented transformational initiatives to:

- Raise graduation rates and
- Reduce student debt
- Improve health care
- Increase data transparency and access
- Recruit and retain outstanding faculty and staff
- Integrate high-quality, highly-interactive online learning
- Enhance productivity and efficiency
- Support technology commercialization and emerging research institutions
- Expand educational opportunities in South TX

Through the leadership of the Chancellor, Board of Regents and UT presidents, student success and access are top priorities for The University of Texas System, and University of Texas institutions will continue to set the standard for excellence in higher education.
